

Tuscarora Township Parks Commission  
June 11, 2015 meeting minutes

Present were Jennifer Andrew, Terry Kuhl, Tom Snyder, Jim Purtill and Jim Burke.  
Also in attendance was Cass Casucci.

Jennifer called the meeting to order at 1100 hrs.

Cass voiced concerns about the completion of Marina Park lower section; asking when the tube would be removed from the Little Sturgeon River, when a seawall would be built, when dredging would commence, and when the “marina” will have docks installed and open to boat traffic.

We explained that Marina Park is presently a project of the Marina Park Committee and is not yet under the jurisdiction of the Parks Commission. Furthermore, creation of a viable marina was a past idea; it is not a current plan.

The group was dismissed from Township Hall to gather at Cooperation Park for a walk and talk review of the facilities. The audience was invited to accompany us but declined.

At the Park we toured the grounds and discussed tennis court surface repairs, a location for proposed ball field #6, lighting for the basketball courts, and other maintenance incidentals.

We reconvened at Township Hall where Jim Purtill presented the budget. We increased the Devoe Beach budget by \$4500 for permitting and electrical work for the new storage building, and increased the equipment budget to \$30,000 as we will soon need another zero turn mower and a used pickup truck. This and other minor adjustments will be part of the proposed 2016 budget.

At 1510 Jim Burke motioned and Terry seconded that we adjourn, motion carried.

Respectfully submitted June 27, 2015 by Jim Burke
