

Tuscarora Township Parks Commission
June 9, 2016 meeting minutes

Present were Jennifer Andrew, Mike Saker, Tom Snyder, and Jim Burke.

Also in attendance were Kortny Hahn and Sheree Lincoln.

Jennifer called the meeting to order at 1400 hrs.

Mike Saker motioned to approve the May minutes; Tom Snyder seconded, motion carried.

Jim Purtill presented an update:

- The Kubota zero turn mower has been received and is in use.
- New baseline material is required for field #4.
- A meeting is necessary with ILS coached to clarify roles, responsibilities, and expectations.
- The Devoe shed is complete and ready for Consumers to hook up power. The engineering review cost the township \$750.
- Jim Purtill and Jim Burke will propose a plan for basketball court lighting. We have several pole lights available.
- We need a way to wash Veterans Pier.
- the budget appears to be in order; we will be under budget this year.

Sheree Lincoln presented additional information on her proposal for a handicap accessible kayak ramp. It appears that she favors the Juno Road end. She will continue to work on a business plan that specifies location, layout including access and parking, cost, timing, and maintenance funding. We will include this in our five year plan.

Jim Burke was selected to join the Marina Park Committee, representing TTPC.

Because this meeting ran late, we did not review the five year plan. we will do that in our July meeting.

At 1522hrs. Mike motioned to adjourn. Tom seconded. Adjourned.

Next meeting: July 14 at 1400 hrs. Our homework is chapter five of the Five Year Plan.

Respectfully submitted June 15, 2016 by Jim Burke
