Mailing Address			City		State	Zip

III. TYPE OF JOB:

☐ Single Family	☐ New	☐ Premanufactured Home Setup (State Approved)
☐ Commercial	☐ Alteration	☐ Premanufactured Home Setup (HUD Mobile Home)

IV. APPLICANT SIGNATURE:

Section 23a of the State Construction Code Act of 1972, 1972 PA 230, MCL 125.1523A, prohibits a person from conspiring to circumvent the licensing requirements of this State relating to persons who are to perform work on a residential building or a residential structure. Violators of Section 23a are subjected to civil fines.	
Signature of Licensee or Homeowner <u>(Homeowner signature indicates compliance with Section V. Homeowner Affidavit)</u>	
Printed Name of Licensee or Homeowner	Date

V. HOMEOWNER AFFIDAVIT:

I hereby certify the plumbing work described on this permit application shall be installed <u>by myself in my own home</u> in which I am living or about to occupy. All work shall be installed in accordance with the State Plumbing Code and shall not be enclosed, covered up, or put into operation until it has been <u>inspected</u> and <u>approved</u> by the County Plumbing Inspector. I will cooperate with the County Plumbing Inspector and assume the responsibility to arrange for all necessary inspections.

VI. INSTRUCTION FOR COMPLETING APPLICATION:

GENERAL: Plumbing work shall not be started until the application for permit has been filed. All installations shall be in conformance with the Plumbing Code. No work shall be concealed until it has been inspected. When ready for an inspection, call the inspector providing as much advance notice as possible with the job location and permit number.
EXPIRATION OF PERMIT: A permit remains valid as long as work is progressing and inspections are requested and conducted. A permit shall become invalid if the authorized work is not commenced within six months after issuance of the permit or if the authorized work is suspended or abandoned for a period of six months after the time of commencing the work. A PERMIT WILL BE CANCELED WHEN NO INSPECTIONS ARE REQUESTED AND CONDUCTED WITHIN SIX MONTHS OF THE DATE OF ISSUANCE OR THE DATE OF A PREVIOUS INSPECTION. CANCELED PERMITS CANNOT BE REFUNDED OR REINSTATED.

COMPLETE APPLICATION ON BACK SIDE

VII. FEE CLARIFICATIONS:

VIIa. MOBILE HOME UNIT SITE:

When item is used for sewer excavations in a new park, the permit application should include the application fee, plus the number of unit sites, plus inspection(s).
When setting a mobile home in a park, or a mobile or modular home on private property, a permit should include the application fee, a sewer or building drain, a water service or water distribution pipe and inspection(s).

VIIb. FIXTURES, FLOOR DRAINS, SPECIAL DRAINS, & WATER CONNECTED APPLIANCES INCLUDE:

Water Closets	Sink (any description)	Slop Sink	Drinking Fountain	Floor Drain	Water Outlet or Connection to any Make-up Water Tank
Bathtub	Emergency Eye Wash	Bidet	Condensate Drain	Roof Drain	Water Outlet or Connection to Heating System
Lavatories	Emergency Shower	Cuspidor	Washing Machine	Grease Trap	Water Outlet or Connection to Filters
Shower Stall	Garbage Grinder	Dishwasher	Acid Waste Drain	Starch Trap	Connection to Sprinkler System (Irrigation)
Laundry Tray	Water Outlet Cooler	Refrigerator	Embalming Table	Water Connected Sterilizer	
Urinal	Ice Making Machine	Water Heater	Plaster Trap	Water Connected Dental Chair	
Autopsy	Water Connected Still	Bed Pan Washer	Water Softener	Water Connection to Carbonated Beverage Dispensers	
PLUS ANY OTHER FIXTURE, DRAIN, OR WATER CONNECTED APPLIANCE NOT SPECIFICALLY LISTED					

VIIc. DOMESTIC WATER TREATMENT AND FILTERING EQUIPMENT: A license is not required for the installation of domestic water treatment and filtering equipment that requires modification to an existing cold water distribution supply and associated water piping in buildings if a permit is secured, required inspections performed and the installation complies with the applicable code. If the enforcing agency determines a violation exists, it shall be corrected by the responsible installer. The permit application shall include the application fee, the number of water treatment devices recorded for \$5.00 each and water distribution.

VIIId. MEDICAL GAS SYSTEMS: Shall include the application fee, one medical gas system and the estimated number of additional inspections.

VIII. FEE CHART - Enter the number of items being installed, multiply by the unit price for total fee.

NO INSPECTIONS GIVEN PRIOR TO PERMIT ISSUANCE

Septic Replacement Loan Program

Information for homeowners

The Septic Replacement Loan Program (SRLP), created in partnership with the Michigan Department of Environment, Great Lakes, and Energy (EGLE), provides low-interest financing to Michigan homeowners for the replacement of failing or near-failing septic systems and connections to municipal sewer. EGLE contracted Michigan Saves to develop and manage the program.

A failing septic system can back up wastewater into your home or discharge wastewater onto the ground surface, potentially contaminating surface and drinking water supplies. This can expose children and pets to dangerous bacteria and viruses in your yard, which can then be tracked into your home. Replacing a failed septic system can be an unexpected financial burden, which is why the SRLP provides low-interest loan options for Michigan homeowners in need.

Homeowners can access two loan tiers by working with a Michigan Saves authorized septic installation contractor: income-based financing (tier one) and market-based loans (tier two). Information collected in the loan application will determine the tier the applicant will be considered for; guidelines can be found on our website. For both tiers, actual rates, terms, and loan amounts may vary based on factors collected during the loan application.

Program eligibility

- Single-family homes, owner-occupied or rental property
- Sites with documented failing, near-failing, nonexistent, or similarly inadequate septic system (as determined and documented by your local health department)
- Eligible costs include evaluation of the system, design, pumping, and installation. Connections to municipal sewer are also eligible if the existing septic system has been determined to be failing and an existing sewer connection is available and accessible.
- All systems funded through this program must meet SRLP minimum standards

TIER ONE

Income-qualified loans

Tier one loans primarily assess household income but also review other financial indicators from your credit report. These loans require proof of income but do not use credit score for eligibility.

- Loan amounts from \$1,000 to \$30,000 per project
- Interest rates no higher than 1%; terms up to ten years
- Unsecured loan, no lien or collateral required
- Credit report check includes a review of financial history, such as debt levels, past bankruptcies, foreclosures, and any outstanding collections
- Loans only available through TRUE Community Credit Union

See the back of this flyer for more details on tier one income eligibility.

TIER TWO

Market-based loans

Tier two loans are available to all customers and use traditional credit checks to determine eligibility, including factors like your credit score and financial history.

- Loan amounts from \$1,000 to \$50,000 per project
- Interest rates vary by lender and are based on credit qualifications
- Unsecured loan, no lien or collateral required

Visit our website for current interest rates for tier two loans.

How to get started

- 1 Select your Michigan saves authorized septic installation contractor. Search for authorized contractors at michigansaves.org/find-a-contractor.
- 2 Contact your local health department to establish the project scope and to obtain a construction permit. All systems permitted through the SRLP must be designed in accordance with the program minimum standards. Find these standards at michigansaves.org/programstandards.
- 3 Apply for a Michigan Saves loan at michigansaves.org/loancenter once you have obtained an LHD construction permit and bid from your authorized contractor.

Have a contractor that isn't authorized through Michigan Saves? Getting authorized is easy. They can learn more at michigansaves.org/septiccontractors.

Tier one additional details

Tier one 2024 income eligibility

Persons in Household	Maximum Annual Household Gross Income to Qualify
1	\$29,160
2	\$39,440
3	\$49,720
4	\$60,000
5	\$70,280
6	\$80,560
7	\$90,840
8	\$101,120
