MCL 41.75a Township manager and other employees; employment; duties.

The township board may employ a township manager and other employees as are necessary. They shall serve at the pleasure of the township board and shall perform duties lawfully directed

Tuscarora Township

4.0 Financial Administration

4.1 Financial Administration

The township adopts the Michigan Department of Treasury's Accounting Procedures Manual and shall comply to the extent possible with both the required policies and the best practices identified in that manual.

The following policies are intended to represent compliance with the Accounting Procedures Manual and Tuscarora Township's administrative structure and procedures. No policy manual can anticipate all possibilities that may be encountered when administering the finances of the township. The following policies establish a framework for adequate controls over the financial administration processes. When questions arise, the township board must refer to this manual and agree to a solution to the question, and add, delete or amend this manual.

Budget

4.2 Development

The township shall use the following approaches to develop the budget, as recommended by the Government Finance Officers Association:

- The budget shall be based on expected revenues, including base revenues, any new revenue sources and the potential use of fund balance.
- The results or outcomes that matter most to citizens and those of the township Strategic Plan will be identified, and based on that, the township board shall determine what programs are most important to their constituents.
- The budget allocations shall be made in a fair and objective manner.
- The board shall budget available dollars to the most significant programs and activities to maximize the benefit of the available resources.

4.3 Timetable

The proposed budget shall be developed according to the following schedule:

<u>Date</u>	<u>Activity</u>
April 1st	Department heads, Boards and Commissions submit proposed revenue/ expenditure plans to Supervisor
April 15th	Supervisor meets with department heads
May Board Meeting	Supervisor presents proposed budget to township board. Board adopts and posts on the township web page.
June Board Meeting	Budget public hearing held by township board
Last Tuesday In June	General Appropriations Act adopted and posts final budget on the township web page.

If necessary, the Supervisor may call a special meeting Budget Workshop to discuss the budget.

4.4 Methods

The township board shall use the line-item approach when developing the proposed budget. The budget shall be adopted at the revenue by source and expenditures by activity level.

4.5 Format

The proposed and adopted budgets shall:

- Provide financial data on revenues, other resources and expenditures for at least a three-year period, including prior year actual, current year budget and/or estimated current year actual, and proposed budget
- The budget will not be artificially inflated and must show true and accurate projections based on requirements (Zero-based Budget).
- The proposed and adopted budgets shall also include a narrative that:
 - Summarizes the major changes in priorities or service levels from the current year and the factors leading to those changes
 - Identifies the priorities and key issues for the new budget period
 - Identifies and summarizes major financial factors and trends affecting the budget, such as economic factors; long-range outlook; significant changes in revenue collections, tax rates or other changes; current and future debt obligations; and significant use of or increase in fund balance or retained earnings

Commented [JV1]: Does the Township have a template that it intends to use for this narrative?

Budget Adoption

4.6 Adoption

Prior to the beginning of each fiscal year, the township board shall annually adopt a budget using a departmental method of adoption unless otherwise directed in the General Appropriations Act (cost center).

The board shall monitor and amend the budget as needed to approve and control all expenditures.

4.7 Designation of Budget Officer

The Supervisor shall be the township budget officer and shall be responsible for the development and administration of the township budget.

4.8 Transfer Authority within Budget Cost Center

The department shall have the authority to make transfers within a cost center without prior board approval, excluding personnel costs and capital expenditures. ~~The board shall be notified at its next meeting of any such transfers made, and reserves the right to modify, amend or nullify any such transfers made.~~ Under no circumstances may the total general fund budget be changed without prior board approval. All budget adjustments will be recorded in the budget system/record by the Clerk.

Commented [JV2]: Consider expanding this to the general fund and all special revenue funds

4.9 Budget Monitoring

The township shall use the following approaches to monitor the budget, as recommended by the Government Finance Officers Association:

- The board shall establish measures of annual progress. These measures should spell out the expected results and outcomes and how they will be measured.
- The board shall use periodic financial reporting and performance measures to compare actual versus budgeted results.
- The board shall communicate performance results so that township personnel and the public will be informed of the results in an understandable format.

Fund Balance (enacted 10/3/2017)

4.10 Fund Balance

The township board believes that sound financial management principles require that sufficient funds be retained by the township to provide a stable financial base at all times. In order to do so, the township needs to maintain a fund balance sufficient to fund all cash flows of the township, to provide for financial reserves for unanticipated one-time expenditures, revenue shortfalls, and/or emergency needs.

The purpose of this policy is to identify the size and composition of the township's desired fund balance for governmental funds and to identify certain requirements for classifying fund balance in accordance with Governmental Accounting Standards Board Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions.

1. Classifications The following individual components shall constitute the fund balance for all of the township's governmental funds:

Classification		Definition	Examples
Non-spendable		Amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.	<ul style="list-style-type: none">• Inventories• Prepaid items• Long-term receivables
Restricted		Fund balance should be reported as restricted when constraints placed on the use of resources are either: a. Externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or b. Imposed by law through constitutional provisions or enabling legislation.	<ul style="list-style-type: none">• Restricted by state statute• Unspent bond proceeds• Grants earned but not spent• Taxes dedicated to a specific purpose• Revenues restricted by enabling legislation
Unrestricted	Committed	Used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision-making authority. To be classified as "committed," formal action must be taken by the township board prior to the end of that fiscal year.	<ul style="list-style-type: none">• Amounts the township board sets aside by resolution
	Assigned	Amounts that are constrained by the government's intent to be used for specific purposes, but are neither restricted nor committed. These amounts can be "assigned" by the Clerk.	<ul style="list-style-type: none">• Township board delegates the authority to assign fund balance to the Clerk• Future roads, non-motorized transportation are examples
	Unassigned	Unassigned fund balance is the residual classification for the General Fund. This is fund balance that has not been reported in any other classification. The General Fund is the only fund that can report a positive unassigned fund balance. Other governmental funds would report deficit fund balances as unassigned.	

Committing Fund Balance - In order to commit fund balance, the township board, as the highest level of decision-making authority, must pass a resolution to commitment funds for a specific purpose. These funds must be fully expended for their committed purpose. To make committed funds uncommitted, a new resolution must be passed by the board. Action must be taken before the last day of the fiscal year to commit funds for that year.

Assigning Fund Balance - In order to assign fund balance, the township board designates the Clerk as the authority to assign fund balance.

2. Levels of Fund Balance the Township will establish and maintain levels of fund balance for the general fund as follows:

The goal of the township board shall be to maintain a minimum unassigned fund balance of no less than 50% of general fund expenditures. For purposes of this calculation, “expenditures” will be the annual budgeted expenditures amount less non-recurring capital expenditures. If unassigned fund balance levels fall below 50% of expenditures, the general fund budget for the following year will be adjusted to restore fund balance to the 50% level.

If unassigned fund balance approaches a level that greatly exceeds 50% of expenditures, the township board will consider using unassigned fund balance for the following purposes: pay down future debt (pensions/bonds), transfer funds to capital projects fund for future capital improvements, and other future obligations of the township.

Fund balance levels will be analyzed each fiscal year after the financial statement audit.

Capital Improvement Planning

4.11 Capital Improvement Plan (CIP)

The township planning commission shall be responsible for the development and updating of the township capital improvement plan (CIP), subject to final approval of the township board. The capital improvement plan will be reviewed annually, with such review completed at least two months prior to initiating the development of the proposed township operating budget.

Commented [JV3]: Has the Board approved establishing a capital improvement fund if/when these transfers become necessary?

Commented [JV4]: Is the planning commission aware of this, and if so, has a 6-year plan already been prepared and adopted?

4.12 Scope

The capital improvement plan (CIP) shall address the medium and long-range needs of the township regarding building, lands, major equipment and infrastructure. The capital improvement plan shall prioritize such needs for the next six years beyond the current fiscal year.

A capital improvement is defined as a major project or purchase that is generally not recurring, has long-life expectancy, costs more than \$15,000.00 and generally fits into one of the following categories:

- Acquisition, lease or development of land
- Construction of new buildings and facilities and/or additions, including design, engineering and other pre-construction costs. This includes major building improvements that are not routine expenses and that substantially enhance the value of a structure by adding capacity or square footage.
- Construction or extension of sewer and/or water systems
- Construction or extension of roads or pathways
- Acquisition or replacement of large vehicles or equipment (police car, tractor, backhoe, etc.)
- Renovation of an asset where the renovation cost would exceed \$15,000.00.

4.13 Budget

The capital improvement budget shall constitute those projects scheduled for the first fiscal year of the six-year CIP. The capital improvement budget is enacted as a part of the annual budget adopted by the township board and will be the basis upon which funds are appropriated during the budget year for identified projects.

4.14 Program Forms

One completed Project Request Form shall be submitted for each project being recommended for the CIP.

Departments are to prioritize their proposed projects and complete a Project Request Form for each one. The Project Request Form at TAB 4-A will be used as a tool to select projects for the draft CIP.

4.15 Project Requests/Form

The Parks Commission, department heads and elected officials shall submit any suggested projects to be included in the capital improvement plan to the planning commission, who shall develop a capital improvement plan that includes the following information on each project: (seek Auditor assistance to simplify)

1. Priority of need within the requesting department
2. Justification for priority ranking
3. Estimated year project to commence
4. Estimated year project should be completed
5. Total estimated acquisition or construction cost
6. Proposed method of financing acquisition or construction
7. Annual debt service requirements of the project
8. Estimated annual operating expenses after completion
9. Method of financing operating expenses.

See TAB 4-A.

4.16 Public Hearing

The township board shall hold a public hearing on the capital improvement plan prior to adopting the plan.

If the planning commission has final approval of the plan, The planning commission shall hold a public hearing on the capital improvement plan prior to adopting the plan.

The township board may hold additional hearings on the capital improvement plan.

4.17 Adoption

Prior to beginning the development of the proposed township budget for the ensuing fiscal year, the planning commission shall adopt the capital improvement plan as recommended or following any alterations the township board deems advisable. All parties involved in the development of the proposed township budget shall address any implications of the capital improvement plan in the proposed budget.

Audit

4.18 Audit

Commented [JV5]: A suggestion; all these items appear to be valid considerations for capital projects. Developing a template for such projects to include information deemed pertinent to the Board / planning commission could be useful in making informed decisions about the feasibility of a project and whether or not to include it within a capital improvement plan

Commented [JV6]: Seems like a lot of power is being granted to the planning commission under this policy. Would this be better approved by the Township Board?

Commented [JV7]: Consider having the planning commission recommend a capital improvement plan for Board approval

The township board shall contract with a certified public accountant to annually audit the financial systems of the township. The audit contract may be for a period up to three years.

~~, but shall not exceed the current board's term of office.~~

Note: Although Michigan statutes do not specify this, case law has established the principle that a township board cannot create an employment contract that binds a future board with respect to hiring "public officers, "such as assessor, attorney, township manager, building inspector, zoning administrator, or fire and police chiefs (see City of Hazel Park v Potter, 169 Mich. App. 714, 1988)

Commented [JV8]: Judgement call for the Board's consideration, GFOA recommends five years

Fiduciary Bonds

4.19 Fiduciary Bonds

The township shall provide a surety bond for all township officials required by law to be bonded.

Note: The Township shall provide a public employee dishonesty (surety) bond for all employees authorized to handle money.

Financial Reports

4.20 Periodic Expenditure and Revenue Report

The Clerk shall prepare, not less than quarterly, a financial report for the board. The report will be current through the last day of the previous month, and shall be presented to the board at its next regular meeting. The financial report for each fund will show the following information for revenues and expenditures:

1. Account number
2. Description
3. Amended budget
4. Current period
5. Year to date
6. Budget balance

Commented [JV9]: Quarterly is the requirement, monthly is best practice. These reports are system-generated from BS&A, not a significant administrative burden. I would consider revising this to monthly

4.21 Periodic Balance Sheet Report

The Clerk shall prepare, not less than quarterly, a balance sheet showing the assets, liabilities and equities for each fund.

4.22 Investment Performance Report

The treasurer shall prepare, not less than quarterly, a report of all interest-bearing activities, including the name of the financial institution, type of investment, anticipated yield and date of maturity. (See 4.31-Bank Reconciliations)

4.23 Summary Report of Cash Activity by Fund

The treasurer shall provide the township board with a monthly summary report of cash activity by fund and a summary report of cash activity by bank account, certificate of deposit and investment account.

4.24 Financial Reports Review

~~The Supervisor shall review the financial reports prior to the board meeting, and shall recommend to the board any necessary budget amendments or fund transfers.~~

Internal Controls

4.25 Financial Employee Training

The township shall provide education and training for township officials and other personnel involved in financial administration on accounting procedures, investments, budgeting and fraud prevention as annually approved in the township budget.

4.26 Segregation of Duties

The functions of authorizations, recordkeeping and processing financial transactions shall be segregated where possible.

4.27 Cross Training

Bookkeeping duties shall be periodically shifted between two or more employees (e.g., during vacations, etc.).

This policy was developed to set forth the regulations and procedures regarding all cash management activities of Tuscarora Township, including:

- Bank Account Management
- Cash and Check Handling (Receipting)
 - Central
 - Off-site
 - Lockbox
- Cash Accounting and Bank Reconciliations
 - Cash Accounting
 - Bank Reconciliations
- On-line Banking
 - Administration/Authorization
 - Electronic Payments
 - Account Transfers
- Petty Cash
- Compliance with § 200.305

Policies covering the authorization of payments are documented in a separate policies and procedures document.

4.29 Bank Account Management

All bank accounts must be in the name of Tuscarora Township and established using the township EIN. The opening of new bank accounts and appointment of signors must be initiated by the Treasurer and approved by the Clerk. Should a new bank account be required, the requesting department must contact the Treasurer.

Requests to close bank accounts must also be initiated by the Treasurer and approved by the Clerk.

All general-purpose cash of Tuscarora Township is deposited into the general pool.

Restricted funds are maintained in a segregated pool and are not available for use for general

Commented [JV10]: May want to consider something "Funds required by an external party (e.g. USDA construction bonds) to be held in a separate bank account will be maintained in a segregated pool..."

township operations. Any funds not needed immediately for operations are invested in accordance with the township's Investment Policy.

4.30 Cash and Check Handling (Receipting)

- Checks shall be restrictively endorsed as soon as they are received.
- All cashiers shall balance their cash to the cash receipting system.
- Petty cash drawer shall maintain a minimal amount in order to make change. Petty Cash shall be kept in the Treasurer's office

Commented [JV11]: What if the treasurer is unavailable?

Off-site

- The outdoor lockbox is checked daily by office staff and delivered to the cashier or Treasurer for receipting.
- Tax payments are collected at Citizens National Bank and deposited directly into the township's account. Receipts are collected and entered into the cash receipting program by the cashier or Treasurer.
- Boat Launch payments are collected by the Tuscarora Township Police Department and delivered to the township on no less than a weekly basis.
- Vault/safe combinations and key locations shall be changed as soon as possible if a person with access to either no longer works in that location.

Commented [JV12]: What is the intent of this?

Commented [JV13]: What if Citizens gets bought out, or, if the Township determines to move all or a portion of its banking to another financial institution? I would consider changing this to "banks approved by the Township Investment and Depository Designation Resolution" to be consistent with 4.32 On-line Banking below.

4.31 Cash Accounting and Bank Reconciliations

Cash Accounting

The accounting and reconciling of cash activity is performed daily when needed but no less than weekly. The "daily work" has two main categories, 1) Recording of daily transactions 2) Reconciliation of the daily activity and deposits.

Recording of Daily Transactions

- a. All cash coming into the township is receipted into the BS&A cash receipting system.
 - i. Receipts/Bank credits – certain recurring receipts are deposited into the bank by EFT. Cash Accounting Staff identifies and manually inputs the accounting for these items. They identify the accounting treatment based on knowledge of the transactions.
 - ii. Withdrawals/Bank debits – all debits (with the exception of returned items) are supported by documentation which consists either of one of the following: Check/ACH Disbursement Authorization Form, Offline Wire Requests, Inter-pool Transfer Request, Trustee Disbursement Memos, and other support as deemed appropriate. The accounting treatment is indicated on the respective form used for input into BS&A by Cash Accounting staff.

Reconciliation of Daily Activity and Pools after all transactions have been verified and entered (step 1a),

Cash

Accounting staff must perform the following procedures:

- Confirm that the ending balances in the BS&A software matches the cash received.
- Confirm that all cash deposits prepared and sent to the bank by the Treasurer's office are journalized in the BS&A cash receipting system.
- Confirm that activity within the pools is in balance.

Bank Reconciliations

Monthly, all bank accounts are reconciled between the bank accounts and the cash accounting software. Reconciliations are to be prepared by the Treasurer and reviewed and approved by the Clerk. The Reconciliations are to be completed by the 20th of each month and reviewed and approved by the end of each month. Any unusual differences should be researched and corrected as soon as possible. If these differences arise the bank account shall be reconciled and approved no more than 60 days from the date of the bank statement. Once approved by the Clerk, such report shall be presented to the Township Board.

4.32 On-line Banking

The Treasurer and Clerk shall have access to the online banking systems with banks approved by the Township Investment and Depository Designation Resolution.

Administration

The On-line banking Administrator shall be the Treasurer.

Electronic Payments/Disbursements

All payments made by EFT shall follow Tuscarora Township's ACH and Electronic Transaction Resolution dated November 13, 2018.

All receipts received by Tuscarora Township via EFT shall follow Tuscarora Township's Acceptance of Payments by Financial Transaction Device Resolution dated May 7, 2013.

All disbursements of funds using an electronic transfer shall be conducted by the Clerk's office. All disbursements require supporting documentation detailing the goods or services purchased, the date of the purchase, the departments and activities serviced by the payments, the department head authorizing the purchase or contract authorizing the purchase.

- All electronic funds transfers must be entered through the general ledger with the exception of transfers between pooled accounts for funding purposes.
- All invoices being paid via electronic transfer shall be approved by the normal accounts payable review process.
- The following payments are not processed through accounts payable and do not follow the accounts payable review process:
 - Payroll
 - Federal and State withholdings
 - Investments, including payment of deferred compensation amounts to the appropriate institution
 - Other exceptions as defined by the Clerk.
 - Transfers between cash pool
- No vendors shall be allowed to automatically withdraw funds from township accounts. With the exception of payments made to state or federal agencies, per contract.

- The payment will be entered into the online banking system by one individual and reviewed and approved by another individual.
- Support for the transfer will remain on file at the Clerk's office subject to the document township retention policy.

Account transfers

There are generally three reasons for account transfers 1) purchasing or maturing of investments (bonds, CDs), 2) transfers of cash between pools, 3) transfers from savings accounts to disbursing accounts to cover cash flow needs.

Transfers required for the purchase or maturity of investments are supported by applicable paperwork (trade tickets, copies of CDs, daily polling report for deposits from maturities, etc.) and the printout of the confirmation of the online transfer/wire.

Transfers of cash between accounts are supported by a transfer request to the Treasurer, signed by an authorized person and supported by the printout of the confirmation of the online transfer/wire.

Commented [JV14]: Type - to the

Transfers from savings accounts to disbursing accounts (or vice versa) to cover cash flow needs should be supported by the printout of the confirmation of the online transfer/wire with "Funding Transfer" noted on the support.

Each transfer is entered into the township's accounting system.

1. The item is considered essential to the operation of the requesting department.
2. The supply item is not carried in the Stockroom.

5. Travel expense reimbursements.
6. Travel advances.
7. Payment for items that are to be purchased through the purchasing system.
8. Payments to independent contractors, consultants, awards, etc., to nonTuscarora Township employees. These should be processed through the Accounts payables payment process.
9. Payments to employees for services, awards, bonuses, etc.

Commented [JV15]: Township (replace the County reference)

When requesting the establishment of a Petty Cash Fund or an increase in an existing Petty Cash Fund, the initiating department must complete a "Request for Petty Cash Fund" form. The initiating department must complete a voucher for the amount requested to establish or

increase a Petty Cash Fund. The completed form and voucher must be submitted to the Clerk for payment. Payment and delivery of a petty cash check will be made to the Petty-Cash Custodian. It will be the custodian's responsibility to cash the check, monitor the use of and replenish the cash.

4.34 Security

Petty cash must be kept locked and restricted to the custodian and Cash Accounting staff. Cash boxes with locks for additional security are also recommended.

4.35 Use of Petty Cash

Payments for services and supplies must be supported by an original receipt or invoice.

4.36 Replenishments

Replenishment of petty cash funds must be obtained by means of a voucher. The replenishment vouchers must summarize the Petty Cash Vouchers paid since the last replenishment and include the original receipts or invoices for those transactions.

4.40 Authorized Depositories

The treasurer is authorized to deposit funds in approved financial institutions and administration of investments in conformance with state and federal law and policies as set forth in this resolution.

The township board authorizes the following financial institutions as depositories of township funds: **Citizens National Bank and Awakon Federal Credit Union.**

The treasurer shall recommend financial institutions for approval for the safekeeping of township funds based on an evaluation of the performance and solvency of the institution, as well as past performance in exercising due care and prudence in managing the custody of township funds held in trust, if applicable. The treasurer shall periodically evaluate approved and potential financial depositories and shall make recommendations as to appropriate changes in approved depositories when warranted.

Commented [JV16]: Section 4.32 above states that the banks will be approved in a Township Investment and Depository Designation Resolution. I would recommend adopting such a resolution denoting the approved banks to prevent the need amend this policy should a new bank become necessary.

In determining safekeeping and custody qualifications, financial institutions document a minimum capital requirement of at least \$10,000,000 and at least five years of operation. All financial institutions and brokers/dealers shall be pre-qualified by supplying the following:

The following financial institutions may be used as depositories of township funds: Citizens National Bank and Awakon Federal Credit Union.

Investments

The treasurer may invest township funds in certificates of deposit, savings accounts, deposit accounts or depository receipts of a bank, but only if the bank, savings and loan association, or credit union meeting all criteria as a depository of public funds contained in state law. The standard of prudence to be used shall be the “fiduciary” standard and shall be applied in context of managing an overall portfolio.

The prior approval of the township board shall be required for the treasurer to invest in any other lawful investment instruments. The township board’s standard of prudence shall be the “fiduciary” standard, which shall be applied in context of managing an overall portfolio.

The township board may authorize the treasurer to invest in the following:

(a) Bonds, securities, and other obligations of the United States or an agency or instrumentality of the United States.

Commercial paper rated at the time of purchase within the 2 highest classifications established by not less than 2 standard rating services and that matures not more than 270 days after the date of purchase.

(b) Repurchase agreements consisting of instruments listed in subdivision (a).

(c) Bankers’ acceptances of United States banks.

Commented [JV17]: Again, consider a separate resolution to denote banks, as in section 4.32 - to prevent the need to amend this policy anytime a bank change becomes necessary

(d) Obligations of this state or any of its political subdivisions that at the time of purchase are rated as investment grade by not less than 1 standard rating service.

(e) Mutual funds registered under the Investment Company Act of 1940, Title I of chapter 686, 54 Stat. 789, 15 U.S.C. 80a-1 to 80a-3 and 80a-4 to 80a-64, with authority to purchase only investment vehicles that are legal for direct investment by a public corporation. However, a mutual fund is not disqualified as a permissible investment solely by reason of either of the following:

(i) The purchase of securities on a when-issued or delayed delivery basis.

(ii) The ability to lend portfolio securities as long as the mutual fund receives collateral at all times equal to at least 100% of the value of the securities loaned.

(iii) The limited ability to borrow and pledge a like portion of the portfolio's assets for temporary or emergency purposes.

(f) Obligations described in subdivisions (a) through (g) if purchased through an interlocal agreement under the Urban Cooperation Act of 1967, Public Act 7 of 1967 (Ex Sess), MCL 124.501, et seq.

(g) Investment pools organized under the Surplus Funds Investment Pool Act, Public Act 367 of 1982, MCL 129.111, et seq.

(h) The investment pools organized under the Local Government Investment Pool Act, Public Act 121 of 1985, MCL 129.141, et seq.

Levels of Risk

Decisions and actions involving the township's investment portfolio shall meet the following criteria:

Safety: Safety of principle is the foremost objective of the township's investment practices.

Diversification: The investments shall be diversified by avoiding over concentration in securities from a specific issuer or business sector (excluding U.S. Treasury securities and insured certificates of deposits).

Liquidity: The investment portfolio shall remain sufficiently liquid to meet all operating requirements that may be reasonably anticipated.

Return on Investment: Return of investment is of secondary importance compared to safety and liquidity objectives. Investments shall be selected to obtain a market average rate of return. The core of investments is limited to relatively low-risk securities.

The treasurer may elect to have certificates and other evidence of investments held by a financial institution, provided that the financial institution presents to the township treasurer on a quarterly basis, sufficient documentation and acknowledgment of the investment instruments held on behalf of the township.

The treasurer shall provide on a quarterly basis a written report to the township board concerning the investment of township funds.

Compliance with State and Federal Laws

The township shall comply with all applicable statutes related to public fund investments. Any provisions of this resolution in conflict with applicable statutes is void.

Accounts Receivable

4.43 Accounts Receivable

The Treasurer shall be responsible for processing all accounts receivable.

4.44 Invoice Preparation

The following positions shall be responsible for preparing invoices for revenues due to the township: The Administrative and Office Assistants under the guidance of the Clerk.

All invoices shall include a remittance advice or invoice to be returned to the township with payment. The remittance advice or invoice shall include the name, amount invoiced, purpose and that payment is to be made to the township and mailed to the township treasurer.

4.45 Posting and Distribution of Accounts Receivable

A copy of all invoices or bills for money owed the township shall be given daily to the Treasurer and Clerk.

The Treasurer will use the invoice copy as verification when payment is received.

The Clerk will use the invoice copy to record the receivables in the general ledger. Invoices are to be reconciled to the general ledger control on a monthly basis.

4.46 Accounting for Accounts Receivable

For all payments received, the Clerk shall credit the receivable. A monthly listing of all amounts invoiced but not yet received shall be prepared and reconciled to the general ledger.

4.47 Accounts Payable

The township clerk/deputy clerk shall be responsible for processing all accounts payable. The clerk may designate other township personnel to process accounts payable if the township board has agreed to incorporate that function in the job description of that position.

4.48 Processing of ~~Claims~~ Bills

Requests for payments to vendors shall be documented in writing by a vendor invoice or, in the few instances where no invoice is forthcoming, by a written request by the department head requesting payment. Except for rare exceptions, only original invoices shall be processed for payments, as statements or copies of invoices may result in duplicate payments. Appropriate documentation (supporting invoices) shall be attached for all disbursements. Original bills, not copies, must be used for documentation.

Employee expense reimbursements shall be documented on an expense voucher prepared by the employee. All invoices, departmental check requests and expense vouchers shall include the following:

1. Vendor name
2. Purpose of payment request
3. Unit price and units delivered (if applicable)
4. Date goods delivered or services rendered
5. The related purchase order (if applicable)

All requests for payments shall be approved by the department to which the expense shall be posted by initialing the document.

All requests for payment shall be submitted to the Clerk at least 6 days prior to the board meeting at which claims will be approved.

Commented [JV18]: This seems to contradict section 4.43 above, which states that the Treasurer is responsible (4.44 states the Administrative and Office Assistants under the guidance of the clerk are responsible).

Commented [JV19]: Consider adding 6. general ledger line item to post the expenditure and 7. date that the voucher was authorized for payment

The Clerk shall verify the payee, amount, purpose and the disbursing fund of each request. After verification, the clerk shall prepare a warrant, enter it into the general ledger and make a copy for township records.

4.49 ~~Claims~~ Bills Reports

The Clerk shall prepare a ~~claims~~ bills report to the board showing the fund, vendor name, nature of the expense, invoice number and warrant number (i.e., check number). Any items paid prior to board audit shall be noted on the warrant report or on a separate report.

Invoices and bills supporting the claims report shall be available for board member review in board packets. Board members are responsible for scrutinizing the bills prior to board approval.

4.50 Board Approval required for all ~~Claims~~ Boards

All claims shall be approved by the township board prior to payment, with the exception of tax collection disbursements and claims authorized by policy for post-auditing by the township board (See 4.85 for the Post Audit Policy 9/14/21, amended 12/20/21).

Commented [JV20]: Should "boards" be replaced with "checks"?

4.51 Check Controls

Numerically controlled, pre-numbered checks shall be used. Checks shall not be signed prior to being completely filled out. Cleared checks must be returned to the township or electronically stored.

4.52 Authorized Check Signers

The following officials are the only persons authorized to sign checks:

- Clerk or deputy clerk (to signify board approval)
- Treasurer or deputy treasurer (to make it a check)

A check-signing (stamp, machine or electronic signature) shall be limited to use by the clerk or deputy clerk, and treasurer or deputy treasurer, respectively, and shall be locked or password-protected when not in use.

4.53 Check Processing

Each disbursement shall be signed by the clerk or deputy clerk to document board authorization of that payment and forwarded to the treasurer within the next three business days following the board meeting at which they were approved. If payment is made in compliance with the board-adopted post audit policy, the disbursement shall be forwarded to the treasurer not later than the next business day after the disbursement is signed by the clerk or deputy clerk.

The treasurer or deputy treasurer shall verify that the funds are available, sign the disbursement and distribute it. Checks shall not be returned to the clerk or the originating office for distribution.

4.54 Electronic Payments

Following township board approval or in compliance with the board policy for post-auditing payments, the clerk or deputy clerk shall initiate electronic payments and the Treasurer or deputy treasurer shall review and accomplish.

Electronic payments or ACH agreements are authorized if in compliance with the following policy provisions.

4.55 Electronic Payment (ACH) Definitions

“Automated clearing house” or “ACH” means a national and governmental organization that has authority to process electronic payments, including, but not limited to, the national automated clearing house association and the federal reserve system.

An “ACH arrangement” means the agreement between the originator of the ACH transaction and the receiver of an ACH transaction.

An “ACH transaction” means an electronic payment, debit or credit transfer processed through an automated clearinghouse.

An “ACH policy” means the procedures and internal controls as determined under this written policy developed and adopted by the township treasurer.

4.56 Authority to Enter into ACH Arrangements and Electronic Transfers of Public Funds

The township **treasurer (check this with auditor)** may enter into an ACH arrangement, after receiving Board approval.

Commented [JV21]: Treasurer seems appropriate

4.57 Responsibility for ACH Agreements

The **treasurer (check this with auditor)** or is responsible for the township’s ACH agreements, including payment approval, accounting, reporting and generally for overseeing compliance with the ACH policy.

Commented [JV22]: The Board is responsible for approval. The clerk typically is responsible for accounting and reporting. Treasurer is generally responsible for compliance. Consider clarifying these responsibilities.

The **treasurer (check this with auditor)** shall submit to the township board documentation detailing the goods or services purchased, the cost of the goods or services, the date of the payment, and the department levels serviced by each payment of public funds made by electronic transfer. This report may be contained in the township’s electronic general ledger software system or in a separate report to the township board.

Commented [JV23]: 4.58 below indicates that this is the Clerk’s responsibility

4.58 Internal Accounting Controls to Monitor Use of ACH Transactions Made by Township

The following system of internal accounting controls will be used to monitor the use of ACH transactions made by the Township:

The treasurer shall prepare a list of vendors authorized to be paid by ACH transaction and provide that list to the clerk.

Commented [JV24]: Consider having this list provided to the Board for approval

The clerk initiates the transaction upon receipt of an invoice included on the authorized ACH list approved by the appropriate township official. ACH invoices must be approved before payment. The clerk signs the ACH invoice, which then acts as the warrant.

The clerk presents the warrant or check, a list of bills for payment, and a separate list of the electronic payments for township board approval. The board approves all transactions prior to disbursement.

Following board approval, the treasurer signs the ACH warrant, initiates the electronic transaction with the vendor and makes the actual transfer of funds.

The treasurer shall retain all ACH transaction documents for audit purposes.

The clerk shall retain all invoices for audit purposes.

A township should use a separate imprest bank account for EFTs. A township may wish to consider using a separate bank account to accomplish ACH electronic transactions, effectively creating a “firewall” between the township’s funds and outsiders. Include in the ACH policy the list of specific types of payments pre-authorized for post-audit by the board.

- Recommend disbursement accounts

- Accounts payable (small dollar, limited individual transactions)
- Accounts payable (larger transactions)
- EFT account
- Payroll account
- Property tax

This policy supersedes ACH resolution of November 13, 2018.

4.59 Credit Card Use Policy (Standardized form to be developed)

Township credit cards may be used only by an officer or employee of the township for the purchase of goods or services for the official business of the township.

Township officers and employees who use a township credit card shall, as soon as possible, submit a copy of the vendor's credit card slip to the clerk. All credit card slips shall include this information: name of vendor, goods or services purchased, the date of the transaction, the amount and the business that required the transaction.

An official or employee who is issued a credit card is responsible for its protection and custody. If a credit card is lost or stolen, the clerk shall be notified immediately. The entity issuing the lost or stolen credit card shall be immediately notified to cancel the card.

The clerk shall review each credit card statement as soon as possible to ensure that transactions comply with this policy. Any transactions that appear on the statements that are not documented with a credit card slip shall be immediately investigated. Transactions that do not appear to comply with this policy shall be reported to the township board.

The township board shall not approve a payment to the entity issuing the credit card until all transactions have been verified, including the approval of all transaction invoices if issued.

The balance, including interest due on an extension of credit under the credit card arrangement, shall be paid for within not more than 60 days of the initial statement date.

Officers and employees who use a township credit card in a manner contrary to this policy shall be subject to disciplinary action, including possible termination of employment, reimbursement to the township for unauthorized expenditures, legal action or criminal liability.

The use of credit card is limited to the following circumstances:

- purchase of capital outlays up to \$2500.00 for travel, meals and accommodations while on township business (*excluding expenses incurred in operating a privately owned automobile*)
- gas, oil, and other necessary expenses incurred in operating a township-owned vehicle

Commented [JV25]: Consider adding the general ledger line item to charge the expenditure

Commented [JV26]: May want to clarify capital outlay, it appears that the intent of this point is to cover travel

- purchases of up to \$5000.00 for goods and services used in the official business of the Township.

Officers and employees who use a township credit card in a manner contrary to this policy shall be subject to the following disciplinary actions, as deemed appropriate by the township board:

Expenditure Approval and Post-Audit Policy (approved 12/20/2021)

4.85 Expenditure Approval & Post Audit Policy

The board is required at each regular meeting to audit all claims against the township presented for payment and authorize the payment of all allowed claims. Payments authorized by the township board shall be paid by the treasurer on an order signed by the township clerk. Accounts approved shall be filed and preserved by the township clerk. (MCL 41.75)

Each board member should have the opportunity to review or audit the documentation for any payment prior to voting to approve it. Board members must look for proper authorization for the expenditure, including board votes to authorize the actual expenditure (not simply inclusion of the item in the budget), original bills or purchase orders with purchase officer approval, receipts or logs for reimbursement, receipts for credit card statement items, correct Chart of Accounts numbers, and payee information.

Every payment of any kind (including payroll) leaving the township—with the sole exception of the current-year tax collection disbursement account—must be voted on by the board before being disbursed unless an exception is granted under this policy.

All claims shall be approved by the township board prior to payment, except the following:

- 1) Payroll (election workers, sexton wages, etc.)
- 2) Utility bills (phone, electric, fuel, etc.)
- 3) Invoices with penalties or discounts that would be incurred if payment is not received prior to the board meeting where claims will be approved (identify specifically)

These claims shall be post-audited at the next board meeting following their issuance and the township board must still vote to approve all those payments at the next meeting. No transfers of appropriations for line items related to personnel or capital outlays may be made without prior Board approval by budget amendment.

The Township Supervisor may authorize emergency expenditures not to exceed \$20,000.00 when deemed essential due to the imminent threat to the health, safety and welfare of the township and must notify all Board members within 24 hours of the expenditure and must be post-audited at the next regular meeting.

NOTE: *Monies not budgeted for cannot be spent as mandated in Public Act 621 of 1978.*

No transfers of appropriations for line items related to personnel or capital outlays may be made without prior Board approval by budget amendment.
4. Purchase orders will be numbered and will be prepared in advance of any purchase greater than \$ 5,000.00.
 - a. Department Heads will prepare purchase orders for the Supervisor's or Clerk's approval and signature. This purchase order will facilitate payment of invoices.
 - b. Department Heads may have subordinates make purchases. The employee making the purchase will sign the vendor's sales slip, and the Clerk will verify authorization prior to preparing payment by reviewing the purchase order. If the purchase is less than \$500, the Department Head will also sign the vendor's sales slip as authorization.
5. All purchases of goods or services in an amount higher than \$5,000.00, and all contracts for recurring services, must abide by the bid policy as set forth below.

Exempt acquisitions/purchases, regardless of the cost, include all credit card payments, lease payments (paid based on an executed agreement), payroll checks (including all fringes and taxes), postage, insurance premiums and utility billings (electric, gas, internet, and telephone) and any other payments currently deemed "prepaid"; (see separate Post Audit Policy). Also exempted are reimbursements for out-of-pocket expenses, mileage, and miscellaneous purchases while on Township business, whether by cash or credit card.

4.89 Bids for Goods and Services

It is the Board's intent to purchase the best product or service at the best price. Therefore, the following procedures shall apply to the purchase of those goods and services:

- **Up to \$5,000** - Order from any supplier in the normal course of business.

- **\$5,000.01 to \$25,000** - Written quotes may be obtained from three vendors. Internet quotes are acceptable. All written documentation should be submitted at the time the purchase order is requested.
- **\$25,000.01 and above** - Sealed bidding process applies; see Sealed Bidding Process section below.

Price quotes should include the complete cost, including shipping. If the goods or service is only available from a single source the additional quotes can be waived by writing "Sole Vendor" on the purchase order or voucher. This exception must be documented and provided to the Board prior to ordering the product or performance of the service, at which time the additional quotes may be waived. A single source supplier ("Sole Vendor") is defined as the only practical supplier available due to limitations of geographic location, timeliness of shipping, uniqueness of product (specialized equipment), or ability of supplier to serve the best interest of the Township.

4.90 Sealed Bid Process

Requests for sealed bids with appropriate bid specifications shall be solicited by advertising in a suitable medium for a minimum of one week. For products or services available from a limited number of sources, direct contact with potential bidders may be made by soliciting sealed bids and providing appropriate bid specifications as necessary. Internet quotes (price and terms) may be researched for the purpose of a benchmark. If the price and terms of the formal bids exceed the Internet quote, the Board can accept the Internet quote and reject all bids.

Exceptions to the sealed bidding process are as follows:

Emergency repairs, intergovernmental contracts and reauthorization of contracts that have been previously approved.

Third party competitive bids for materials, supplies and equipment through programs such as the State of Michigan Department of Management and Budget or similar programs. However, at the discretion of the Department Head, Elected Official, other bids may be solicited.

Individual items less than \$25,000 that are grouped together to total more than \$25,000, including capital improvement projects and vehicle or boat purchases which require installation of equipment, will be treated as follows:

The total package shall be advertised and treated as one item and bid as provided above.

When purchasing items which require significant research such as application software, specialized technology, and items requiring on-going service, price alone may not be the determining factor. Meeting with vendors to review product development may limit the number of vendors and thereby restrict the bidding process. Whenever possible, three products/price quotes should be obtained.

Bids received in this category must be opened by at least two individuals, Initialed and logged. As schedules permit, these two individuals should include the interested Department Head or Elected Official. This documentation shall be retained for one year. The Board shall award all bids on items over \$25,000 at a meeting of the Board unless the authority for a specific bid is delegated to a committee or individual.

4.91 Local Supplier Preferences, Lowest and Best Bids

The Board hereby reserves the right to reject any or all bids, or to waive any formality or irregularity in the bid, and to accept the bid that serves the best interests of the Township.

The Board reserves the right to determine what serves its best interest through examination of a variety of factors, including but not limited to:

- The ability, capacity, and skill of the bidder to fulfill the requirements of the bid, including product knowledge and distance from the Township.
- The ability and capacity of the bidder to fulfill the requirements of the bid in the time specified the character, integrity, reputation, and experience of the bidder.
- The quality of service the bidder has previously provided to the Township.
- The previous and existing compliance by the bidder to all laws and ordinances which relate to the requirements of the bid.
- The resources (financial and other) available to the bidder, that will be required in the fulfillment of the bid.
- The ability of the bidder to guarantee, maintain and service the Township after the requirements of the bid is fulfilled, including ready representation of staff. The number and scope of conditions attached to the bid.

Suppliers and vendors whose primary place of business resides within the Township of Tuscarora may be selected over a business residing primarily outside the Township when the above factors are substantially equal and the price bid by the local vendor/supplier is no more than 5% (five percent) over the lowest bidder from outside the Township. It shall be deemed unethical and in violation of this policy to disclose prices or quotes from any vendor prior to the decision to make a purchase to give preference or favored treatment to any vendor or supplier.

For purchases of goods and services under \$5,000, township officials, department heads and employees will first check to see if the goods or services required are available from any source located in Tuscarora Township. ~~If so, the purchase shall be made with a Tuscarora Township vendor.~~ Preference will be given to local vendors if cost effective.

For grants, applications and/or study services under \$25,000.00 which does not include goods or construction, Tuscarora Township may use the Northeast Michigan Council of Governments as a sole source.

Employees or Township officials involved in any purchase shall reveal to the Board any potential conflict, such as investment or employment with a vendor or firm, or a family relationship with a vendor or firm.

4.92 ~~Invoices~~ Bills

All bills submitted for payment must be signed or initialed by the appropriate Department Head, Elected Official, or authorized designee.

4.93 Accountability

No purchase or aggregate cost of a contract shall be divided for the purpose of circumventing the dollar thresholds contained in this policy.

Any purchase on behalf of the Township that is not in compliance with the policies and procedures stated herein shall be immediately discontinued. Intentional disregard or violations of this policy may result in restrictions imposed on a Department Head's purchasing authority or may result in an appropriate amendment to the budget of the Department or Elected Official.

Federal Awards Policy (enacted June 7, 2022)

4.94 Tuscarora Township Federal Awards Policy **SECTION 1: DEFINITION AND PURPOSE**

For the purposes of this policy, a grant is defined as an award of financial assistance in the form of money or property from a funding source such as the federal government, state government, other local governments, non-profit agencies, private businesses, and citizens that the Board of Trustees of the Township of Tuscarora has the authority to accept or reject.

The purpose of the grant procedures outlined in this document is:

To ensure proper oversight of all funds appropriated to the Township.

To minimize the Township's risk of non-compliance with grant requirements.

To ensure proper administration and accounting of all grants.

Assurance of internal compliance controls that meet the Office of Management and Budget's 2 CFR 200 (the "Uniform Guidance") standards for federal grant funding administration. These rules and procedures, however, are not intended to replace or limit federal or state laws or regulations, or the terms of specific grant agreements.

In the event that conflicting guidance on the administration of Federal awards is available, the Township has deemed guidance from the Office of Management and Budget (OMB) to be most authoritative, followed by the guidance from the grantor agency and finally the state and local agencies.

For the purposes of this policy, it's important that definitions of grant management staff be defined as well. Both the Grants Policy, as well as the compliance supplement specifically refers to three categories of employees within a department. Terms listed below are specific to grant award activity, defined in OMB CFR 200.

Program Coordinator refers to federal grant award management staff. This employee or Board member is responsible for coordinating and executing any grant related activities as documented in the federal grant contract.

Prior to Board acceptance, all federal grant awards will require the names of staff persons responsible for the award's management and administration. To achieve this criterion, smaller departments may coordinate assistance from the Township Clerk, and Township Treasurer.

SECTION 2: SCOPE

This policy is applicable to any Township program, department, Elected Official, or division that uses the Township's central accounting system and is part of the same internal control structures as the Township primary government ("Departments").

This policy covers program activities including the preparation and submission of grant applications to agencies outside the Township government for funds, materials, or equipment to be received and administered by the Township or by an agency for which the Township acts as fiscal agent. The goals and objectives of the Township Departments should be established early in the planning process and should not change based on changes in the availability of different funding sources sought and received. If grant policies and regulations conflict with regulations and policies of the Township, the federal and state regulations will prevail unless less restrictive than Township policies-where Township policy prevails.

No grant award will be accepted that would incur management reporting costs greater than the grant amount. Such costs include, but are not limited to, indirect costs, overhead and any other items needed to administer the grant. Any unapproved submittal by any Township program, department, Elected Official, or division in violation of these grant procedures shall not bind the Township.

SECTION 3: CENTRAL RESPONSIBILITY

For Federal Grant Awards, the Township Board is responsible to ensure compliance with the Federal Office of Budget and Management (OMB) general requirements and any other state and/or federal requirements specified in the grant conditions.

SECTION 4: GRANT APPLICATION PROCEDURES

The Township Board Member desiring to submit a grant application soliciting funds will prepare the request as outlined by the grantor's requirements. A grant application will be reviewed by the Board to make an assessment of all financial aspects of the application to ensure funds availability. The Board member applying for the grant is responsible for developing projections of all initial and ongoing direct and indirect costs associated with the grant program including but not limited to: staff wages and fringes, needed assistance for computer systems, office space, utilities, systems furniture, vehicles, office equipment, office supplies, computer software and hardware, telephone charges and/or allocations of indirect costs

Commented [JV27]: Should this be expanded to include department heads too?

Commented [JV28]: Or department head?

Upon completing its financial assessment, the Board Member shall prepare and submit a letter of *Intent to Apply* to the Board. Any parties interested in applying for grant awards must follow the outlined approval process below:

Commented [JV29]: Or department head?

Grants over \$25,000, federal grants, or any grant requiring cash or in-kind matching funds must be pre-approved by the Township Board of Trustee's.

A Department seeking grants over \$25,000, federal grants or any grant requiring cash or in-kind matching funds must submit a motion to the appropriate committee and the Board of Trustees requesting approval to submit the grant application.

All grant award acceptances must have approval from the appropriate Board committee and the Township Board of Trustees, under the provisions of this policy. This action will involve preparation of a Board of Trustees agenda item for consideration at the next meeting of the appropriate committee and a subsequent Township Board meeting.

If a grant application is denied by the grantor, a copy of the denial letter must be sent to the Clerk for retention of records. Grants requiring a local match must go through the Township Board. If the Township government intends to give a local match, monies must either (a) be recognized in the budget to pay the match, or (b) be granted through a budget amendment.

SECTION 5: GRANT ACCEPTANCE PROCEDURES

The grant award letter/acceptance agreement (notification received detailing the amount of the grant awarded, grant assurances and special conditions, and the guidelines that must be followed to comply with the grant requirements) will be forwarded to the Township Supervisor, who will review the grant award for reporting requirements, special conditions, and deadlines related to administering the grant.

Upon Supervisor approval, Departments shall prepare Board agenda materials for the Board of Trustees' approval for acceptance and signature of grant contracts. Upon obtaining a copy of the Board action approving a grant, the Clerk's Office will assign a chart of general ledger accounts to the grant and the applicable Department will be notified of the GL accounts. For reimbursable grants, all reimbursement requests should be copied and forwarded to the Treasurer's Office, noting the applicable account code for the receipting of the funds. The initiating Department will notify the Treasurer's Office of such anticipated receipts of revenue for those reimbursements made to the Township.

Departments should notify the Clerk and Treasurer:

- There is a subsequent alteration in the funding configuration

- There is a subsequent alteration in the Township's financial obligation
- Grant award funds may be carried forward into the next fiscal year; official notification and budget amendment to carry forward dollars would be required.
- There is any notification that the grant will be terminated.
- Departments are responsible for ensuring that all funds are expended or encumbered prior to the end of the grant award period.

SECTION 6: GRANT MONITORING AND REPORTING

Grant Monitoring

Departments are responsible for continual monitoring of the financial status of grant awards.

Departments must prepare, review, and submit any periodic financial status reports and notify the Clerks' Office promptly of any discrepancies noted and/or any additional reports needed. If any "off system" accounting records are maintained, it is the responsibility of the Program Coordinator to ensure that the programs internal records agree to the Township's accounting records.

If grant funds have not been fully expended by fiscal year end, it is the responsibility of the Program Coordinator to notify the Clerk's Office that budget funds need to be carried forward to the new fiscal year, and to confirm the amount of such carry-forwards. Carry-forwards of grant award funds will be made at the maximum allowable amount based on the grant award agreement and/or OMB 2 CFR 200 compliance supplement guidance.

Grant Reporting

The requesting Department generally manages the program activities of a grant award and is therefore responsible for providing financial status reports and other reports to grantor agency and/or pass-through entity. Departments handling grant reporting are responsible for timely compliance with all reporting requirements.

SECTION 7: FINANCIAL MANAGEMENT SYSTEMS:

General Accounting and Financial Management

It is the policy of the Township of Tuscarora (the "Township") to comply with all statutory, regulatory, and contractual requirements in the conduct of and accounting for its financial operations. The official books of record for the Township will be maintained subject to the following provisions:

Policies and Procedures - The following policies and procedures will also be applied to the extent that they do not conflict with or contradict the Board policies listed above:

The Township will account for its operations in accordance with the Generally Accepted Accounting Principles (GAAP) applicable to local units of government.

The Township will comply with the provisions of 2 CFR 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (the "Uniform Guidance").

The Township will comply with all contractual requirements detailed in its duly executed grant agreements with awarding agencies.

The Board will contract annually with an independent CPA firm for the purposes of conducting the Township's external financial audit. To the extent that the Township has

expended federal awards in excess of \$750,000, the Township will have a single audit performed in accordance with 2 CFR 200.

The Township Clerk's Office shall maintain official policies adopted by the Board.

The Township shall be responsible for the maintenance of all accounting and financial records (including journals, timesheets, bank statements, audit reports, and similar documents). Such records shall be retained as required by contractual or regulatory requirements as described in the section of this manual titled "Records Retention".

Purchasing and Procurement

It is the policy of the Township of Tuscarora (the "Township") to ensure that all disbursements of Township funds are properly reviewed and authorized, and consistent with sound financial management principles. To meet these objectives, all disbursements of Township funds shall be subject to the following provisions:

Board Policies - The following policies have been separately reviewed and approved by the Board, and are incorporated here by reference:

General Appropriations Act (GAA) - Annually updated and approved with operating budget.

Additional Policies and Procedures - The following policies and procedures will also be applied to the extent that they do not conflict with or contradict the Board policies listed above:

Purchases made with federal funds will be made using one of the five allowable methods specified by the Uniform Guidance. Where such regulations differ from the Township, the more restrictive of the requirements shall apply.

Micro-purchases — Purchases of services and supplies with an aggregate cost of \$5,000 or less (or \$2,000 in the case of acquisitions for construction subject to the Davis-Bacon Act). Bids or quotations are not required, though the Township will attempt to make the purchase in the most economical fashion possible.

Small purchases — Purchases of services or supplies with an aggregate cost of \$150,000 or less. Quotations must be obtained from an adequate number of qualified sources.

Sealed bids — Vendors are invited to bid based on detailed specifications.

Competitive proposals — Vendors are invited to submit a proposal with detailed specifications. Unlike the sealed bid method, competitive proposals typically involve technical or professional services where the qualifications, experience, reputation, and other factors are considered in awarding the contract.

Non-competitive proposals — These purchases must be for an emergency, pre-approved by the grantor agency, or because the item is only available from a single source. This type of procurement should occur infrequently and be clearly documented. Invoices will be received by the Township. The employee responsible for the purchase will submit with the proper account number which will then be reviewed by the Department Head. Once approved by the Department Head, the department representative will submit through the accounts payable department in the Township clerk's office for payment processing. At this time, the expenditure is considered for allowability under grant agreements (see "Allowable Costs/Cost Principles" in the single audit section of this policy).

Appropriate general ledger expense accounts will be noted on the approved invoices by the Department Head.

Travel Policy

When an employee incurs work-related expenses including travel to be reimbursed by the Township, the following requirements apply:

The employee expense report will be submitted to the Department Head for approval. Once approved by the Department Head the expense report will be then submitted to the Township Clerk's Office along with all supporting receipts for processing of payment.

Receipts will be attached to the expense report for all expenses (excluding mileage and meals). If a receipt is not available, a Receipt Exception letter may be prepared and signed by the employee and the employee's supervisor.

An employee will not be reimbursed for any expense that is disallowed by Federal cost principles.

Mileage will be reimbursed by the Township at the current IRS rate per mile.

An employee making a disbursement using personal funds on behalf of the Township may be subject to State sales tax, while payments made by the Township directly are exempt from such tax due to its status as a local unit of government. As such, an employee will only incur a work-related expense with personal funds to the extent that it is not practical or reasonable for the purchase to be made directly by the Township. This type of procurement should occur infrequently and be clearly documented.

Additional Policies and Procedures - The following policies and procedures will also be applied to the extent that they do not conflict with or contradict the Board policies listed above:

1. Cash and check collections at the Township departments:
 - a. Cash and checks collected by the Township must generate receipts for all amounts received.

Treasurer's Office then compares the deposit slip to the accounting software report and posts the transaction to the appropriate accounts.

Electronic Funds Transfers / Credit Cards are processed, reconciled, and reviewed by the Treasurer's Office.

Wire transfers and ACH/EFT payments received for Federal and State grant funds will be recorded by the Township Treasurer's Office or through general journal entries by the Township Treasurer's Office.

Payroll and Timekeeping

The following provisions apply to the payment of employees and recording of time and effort (as required) in accordance with Federal Cost Principles.

Additional Policies and Procedures - The following policies and procedures will also be applied to the extent that they do not conflict with or contradict the Board policies listed above:

All employees shall submit a timesheet for each pay period, with the following information:

The total number of hours worked each day

The use of any holiday, personal, vacation, sick, or other approved time off with pay

The total number of hours to be paid

The dated signature of the employee and the Department Head

Commented [JV30]: Including specific identification of hours worked on a federally-funded project (consider adding)

Submitted to the Township Clerks Office for payment processing

All time sheets must be reviewed by the Township Clerk's Office. Timesheets for manual timekeeping will be tracked through the Clerk's Office which allows hours by employee to be aggregated at the end of the pay period. The timesheet is reviewed and signed by the Department Head. The timesheet is then provided to the Clerk's Office for processing.

Pay rates are established at the time of hire. The Township Clerk's Office keeps them up to date.

Payroll Registers are reviewed by the Township Treasurer's Office prior to disbursement.

Annual Audit

Every Michigan government must have a financial statement audit completed each year by a certified public accounting firm.

Additional Policies and Procedures - The following policies and procedures will also be applied to the extent that they do not conflict with or contradict the Board policies listed above:

The Township will have a financial statement audit completed annually

An adequate written agreement (the "engagement letter") will be signed by the Township and its independent auditors. It will contain information on: period to be audited, support to be provided, reporting requirements, fees, time requirements, contractual information, and a statement that the engagement is intended to meet governmental oversight agencies' requirements (2 CFR 200, GAAS and GAS). A copy of the engagement letter will be provided each year to the Board.

Commented [JV31]: Consider adding ", when applicable."

The Township Clerk and Township Treasurer shall be responsible for overseeing the process of preparing for the annual audit. To minimize errors in this process, all audit schedules and work papers should be reviewed by an individual other than the preparer.

To the extent that expenditures of federal awards equal or exceed \$750,000, the Township will also have a single audit completed in accordance 2 CFR 200. Refer to the section of this manual titled "Yearend Closing and Reporting" for information on the schedule of expenditures of federal awards.

The audit will be submitted electronically to the Michigan Department of Treasury on or before the statutory deadline. The electronic submission will be performed by the Township's independent auditors.

If a single audit is conducted, the data collection form and reporting package will be submitted electronically to the Federal Audit Clearinghouse as a joint effort between the Township and its independent auditors.

SECTION 8: OFFICE OF MANAGEMENT AND BUDGET (OMB) COMPLIANCE SUPPLEMENT

OMB Compliance Supplement General Information

Source of Information - Each year the Federal government (Office of Management and Budget) issues a comprehensive document on the compliance requirements each grant recipient is obligated to follow in general terms, along with program-specific guidance on various grant awards. Each of the compliance requirements are considered individually in this manual.

The following pages document the policies and procedures of the Township related to compliance with such procedures, as applicable. In each year that the Township is subject to a single audit, applicable compliance requirements are expected to be tested in detail by the Township's independent auditors.

Objectives - The objectives of most compliance requirements are generic in nature. While the criteria for each program may vary, the main objective of the compliance requirement is relatively consistent across all programs. As such, the policies and procedures of the Township have been based on the generic sense of the compliance requirement. For selected compliance requirements, this manual addresses the specific regulations applicable to individual grants. This is not intended to imply that a program is not subject to such policies if it is not specifically mentioned here. It is the intention of the Township that all Federal awards are subject to the following policies and procedures.

Controls over Compliance - In addition to creating policies and procedures over compliance with provisions of Federal awards, the County has implemented internal controls over such compliance, generally in the form over administrative oversight and/or independent review and approval. In order to document these control activities, all independent reviews are signed/initialed and dated.

Commented [JV32]: Replace County with Township

Documentation - The County will maintain adequate documentation to support both the compliance with applicable requirements as well as internal controls over such compliance. This documentation will be provided to the County's independent auditors and/or pass-through grantor agencies, as requested, during the single audit and program audits.

Source of Governing Requirements - The requirements for activities allowed or unallowed are contained in program legislation, Federal awarding agency regulations, and the terms and conditions of the award.

OMB Compliance Supplement Activities Allowed/Unallowed and Allowable Costs/Cost Principles

The requirements for allowable costs/cost principles are contained in 2 CFR 200, subpart E, program legislation, Federal awarding agency regulations, and the terms and conditions of the award. The requirements for the development and submission of indirect (facilities and administration (F&A)) cost rate proposals and cost allocation plans (CAPs) are contained in 2 CFR part 200 Appendix X.

In order to ensure compliance with these requirements, Township of Tuscarora has implemented the following policies and procedures:

All grant expenditures will be in compliance with the Uniform Guidance. State law, Township policy, and the provisions of the grant award agreement will also be considered in determining allowability. Grant funds will only be used for expenditures that considered reasonable and necessary for the administration of the program.

Grant expenditures will be approved by Department Head initially through the purchase order process, if used, and again when the bill or invoice is received. This will be evidenced by signature or initials and date on the invoice. Accounts payable disbursements will not be processed for payment by the Township Clerk's Office until necessary approval has been obtained.

Payroll costs will be documented in accordance with the Uniform Guidance as described in the section of this manual titled "Payroll and Timekeeping".

The Township will be permitted to charge indirect costs to federal grants at either (1) the federally negotiated indirect cost rate (if one exists) or (2) the de minimis rate of 10 percent. The selected rate will be applied to Modified Total Direct Costs (MTDC).

Approval

The policies included in this manual were approved as official policy of Tuscarora Township. All township officials and personnel are bound by these policies, and any deviation from established policy is prohibited. This policy supersedes all previous policies, implied or written.

TAB 4A Project Requests/Form

Project Requests/Form

The Parks Commission, department heads and elected officials shall submit any suggested projects to be included in the capital improvement plan to the responsible party, who shall develop a capital improvement plan that includes the following information on each project:

1. Priority of need within the requesting department
2. Justification for priority ranking
3. Estimated year project to commence
4. Estimated year project should be completed
5. Total estimated acquisition or construction cost
6. Proposed method of financing acquisition or construction
7. Annual debt service requirements of the project
8. Estimated annual operating expenses after completion
9. Method of financing operating expenses

Budget Narrative Template

Provide a brief budget narrative for your department or cost center. This should not exceed one page.

1. Department or Cost Center.
2. Describe revenues, other resources and expenditures including prior year actual, current year budget and/or estimated current year actual, and proposed budget.
3. Summarize any major changes in priorities or service levels from the current year and the factors leading to those changes.
4. Identify the priorities and key issues for the new budget period.
5. Identify and summarize major financial factors and trends affecting the budget, such as economic factors; long-range outlook; significant changes in revenue collections, tax rates or other changes; current and future debt obligations; and significant use of or increase in fund balance or retained earnings.

PRIMER: Zero-based budgeting

Chapter 4 of the township policy and administrative manual describes the budget process.

Zero-based budgeting (ZBB) is a budgeting technique in which all expenses must be justified for a new period or year starting from zero, versus starting with the previous budget and adjusting it as needed. This budgeting method analyzes an organization's needs and costs by starting from a "zero base" (meaning no funding allocation) at the beginning of every period. The intended outcome is a more efficient use of resources by determining if services can be provided at a lower cost.

It should address two standard questions:

1. Are the current activities efficient and effective?
2. Should current activities be eliminated or reduced to fund higher-priority new programs or reduce the current budget?

Department heads may present alternative levels of funding (raise user fees, rates, rentals, or identify new sources of revenue); and link them to alternative results.

A minimum level is the grassroots funding level necessary to keep a program alive. Therefore, the minimal level is the program or funding level below which it is not feasible to continue a program... because no constructive contribution can be made toward fulfilling its objective.

Traditionally, a ZBB analysis focused on three types of performance measures. These should be measures of: Effectiveness, Efficiency and Workload for each decision unit

Process

Therefore, during the budget process, every budget line starts at zero. You may, however use historical spending to estimate future costs. Department heads should be able to demonstrate a build from zero for each line item in any budget meeting, presentation or workshop.

Board,

I have two more comments with respect to the employee handbook. Please refer to my December 1, 2022 for the bulk of the proposed edits.

Consider adding a bullet point to Section 5.17 as follows:

-Cannabis use is prohibited in the workplace. Further, being under the influence of Cannabis while in the workplace is prohibited.

I was not sure Section 5.22 was necessary but its o.k. to leave in.

My comments are complete on this assignment.

Merry Christmas!

Subject: Draft employee handbook -- LEGAL REVIEW

Importance: High

Supervisor

In accordance with our Special Meeting of November 19, 2022, an updated employee handbook is submitted for you to forward to the township attorney for legal review. To help this along I remind that

- Paragraphs 5.2 through 5.18 and 5.22 through 5.32 is from the original done in 2009.
- Paragraphs 5.20 and 5.21 are new paragraphs as recommended by the township insurance carrier, Par Plan.
- Paragraph 5.33 is a Grievance procedure that previously was not in the handbook.

Personnel policy – Employee Handbook

5.2 Terms of Employment

Tuscarora Township is an "at-will" employer. An "at-will" means that the employment relationship is for an indefinite period of time and can be terminated at any time, with or without cause and with or without notice. The provisions contained in this Handbook supersede any and all contrary representations that have been made by either Tuscarora Township or yourself. No employee, supervisor or any other person except the Township Board, in writing signed by the Board, has the authority to enter into any employment agreement on behalf of the Township for any specified period of time, pursuant to any particular conditions, or to make any agreement contrary to the terms expressed in the Handbook.

5.3 Applicability

This handbook is applicable to all Township employees.

5.4 Open Door Policy

It is Tuscarora Township's desire to provide good working conditions and to maintain a harmonious working relationship among employees, as well as between employees and management. In order to correct any work-related problems, Tuscarora Township must be fully informed about them. Therefore, Tuscarora Township has an "open door" problem solving policy. Employees are encouraged to discuss concerns or suggestions with their supervisor. Employees who believe that their supervisor has not or cannot adequately address the situation are encouraged to discuss the problem with the Township Supervisor or the Board. This procedure should in no way foreclose the direct discussions the Township has always had on an informal basis.

Tuscarora Township's employment practices are based on job qualifications without regard to race, color, national origin, religion, age, sex, marital status, height, weight, disability, or any other classifications protected by applicable law. Employees who believe this policy has been violated must speak with their supervisor. Employees, who believe their supervisor has not or cannot adequately address the problem, must speak with the Township Supervisor or Board. Disabled employees who feel accommodation is needed to perform their job must notify their supervisor in writing of the need for reasonable accommodation within 182 calendar days after the date the employee knew or reasonably should have known that an accommodation was needed. The Township will make reasonable accommodations that do not pose an undue hardship.

5.5 Training Period

Your first ninety days of employment with Tuscarora Township are considered to be a period of training and adjustment. You will receive additional training during this time, and you should not be hesitant about asking questions to help you better understand your job, policies, procedures, and the goals of the organization. You may become eligible for benefits as described in this Handbook following the satisfactory completion of the training period.

5.6 Employment Status

- **Regular Full Time:** A regular full-time employee is one who works a minimum of 35 hours per week.
- **Regular Part-Time:** A regular part time employee is one who works a maximum 35 hours per week
- **Temporary or Seasonal:** A temporary or seasonal employee is one who works full time or part time but six months or less in a calendar year.

If the terms of a policy, procedure or benefit vary according to the classification that an employee holds, the terms that apply to employees in that classification will be specifically described. The Township's Board shall remain responsible for all employment conditions within the Township including, but not limited to: hiring and firing of employees, job transfers, working conditions, employee complaints and other responsibilities.

5.7 Work Schedule

The workday begins each day at midnight. The workweek begins each Sunday morning at midnight. The Township will pay overtime for all hours worked over forty in a workweek at time-and-one-half the regular rate of pay. Lunch periods will be scheduled by your supervisor and are generally for a one-hour period of time, but must be at least thirty (30) minutes. Lunch periods must be taken away from your workstation and will be unpaid.

5.8 Timekeeping

Tuscarora Township tracks hours worked by the use of a time clock. All nonexempt employees are required to punch a time card showing their starting time, lunch period and other unpaid breaks, and quitting time for each workday. Nonexempt employees are eligible to receive time and one-half for overtime.

You must punch in every day when you begin to work or when you return from unpaid breaks. You must punch out every day when you begin an unpaid break

or quit work for the day. You will be paid according to the time punched on your time card. If you forget to punch in or out or believe there are mistakes on your time card, you should notify your supervisor immediately.

Handwritten time entries on your time card will not be counted unless initialed by your supervisor.

You are responsible for punching your own time card. Punching the time card of another employee or having another employee punch your time card is prohibited and is grounds for dismissal.

5.9 Overtime Policy

You may be asked to work longer than your scheduled shift. Your supervisor will give you as much advance notice as possible when extra work is required. You should not begin working before your normal starting time, work through your lunch period or continue working after your normal quitting time without first getting your supervisor's approval. Hourly and salaried non-exempt employees will receive overtime pay (1 1/2 times your regular pay): For all hours worked in excess of forty hours per workweek. Only hours actually worked are counted in determining if you are entitled to overtime pay. Exempt employees will not receive overtime pay when working more than forty hours in a workweek.

5.10 Unpaid Personal Leave of Absence

Any employee may request a personal leave of absence, for a period not to exceed (3) months. Extensions of unpaid leave may be considered on a per request basis. Accumulated paid sick leave, personal leave day and/or vacation days must be utilized prior to the granting of an unpaid leave of absence.

Employees are required to submit written requests for unpaid leaves of absence as far in advance as possible. Such written requests shall state the reason for the leave and its anticipated length. All requests must be approved by the Township Board who shall specify the beginning and ending dates of the leave. If granted, the leave will be unpaid, and benefits will not continue to accumulate during the absence.

5.11 Personal/Sick Leave/Vacation Days

Regular fulltime and regular part-time employees are eligible for paid leave according to the following schedule:

For every 25 worked hours you will receive one hour paid leave, up to 6,000 hours worked.

After 6000 worked hours you will receive one hour paid leave for every 17 hours worked

Paid leave can be accumulated from one year to the next, but shall not exceed 240 hours, or 30 days paid leave.

If you are required to take time off due to illness or injury for three days or more, the Township may require you to present a certificate from a licensed physician verifying the need for the time off. If you are absent for more than five days, the Township may require you to present a certificate from a licensed physician allowing you to return to work.

You must call your supervisor on each day that you are absent and prior to the time that your shift is scheduled to begin. You must personally call in sick unless it is physically impossible for you to do so.

Time may be taken as weekly periods, individual days or in one hour increments as long as the periods chosen meet with your supervisor's approval. All employees should submit a vacation request to their supervisor at least two weeks prior to the date they wish their vacation to begin.

Your supervisor reserves the discretion to grant or deny vacation requests according to workload and business considerations. In the event of conflicts, vacation will be granted on the basis of "first come, first serve."

Employees who have terminated employment with Tuscarora Township will receive compensation for all accrued but unused vacation pay, provided they provide the Township with two weeks' notice of their resignation. Compensation will be at the employee's present wage or salary at the time of termination.

5.12 Jury Duty Leave

A regular, full-time employee who is called on serve and does serve on jury duty shall be paid the difference between the employee's regular wage and jury duty pay received from the court, excluding mileage and travel fees. The employee should provide the payroll clerk with verification of any pay received from the court. An employee who works the day shift and is excused from jury duty by noon is expected to return to work at the Township; although an employee's combined hours of work and jury duty should not exceed eight hours for that day.

5.13 Holidays

Tuscarora Township observes the paid holidays listed below. You will be permitted to take these days off and will be paid for eight (8) hours at your regular straight time pay. Holidays will not be counted as hours worked for overtime computation purposes. When a holiday falls on a Saturday, it will generally be observed on the preceding Friday. When a holiday falls on a Sunday, it will generally be observed on the following Monday. The Township reserves the discretion, however, to close on another day or grant alternate time off.

An employee must work the day before and/or the day after the holiday in order to be paid for the holiday, unless that day falls on a Saturday or Sunday or regularly scheduled non-workday. In lieu of working, an employee can schedule a vacation day and still receive holiday pay.

To that end, the Township's policy is to take prompt corrective action to stop unwelcomed behavior before it rises to a level of a violation of state or federal law.

If an employee believes that a violation of this policy has occurred, the employee has an obligation to report the alleged violation immediately, preferably within 48 hours, to their Department Manager or to the Township Supervisor. While there is no requirement that the incident be reported in writing, a written report that details the nature of the harassment, dates, times and other persons present when the harassment occurred will enable the Township to take effective, timely and constructive action. An investigation of all complaints will begin promptly.

An investigation may include interviews of possible witnesses including the person claiming the harassment occurred, and the person or persons claimed to be involved in or witnesses to the harassment.

5.26 Termination of Employment

Employment with the Township is "at will". Both the employee and the Township are free to terminate employment relationships for any reasons, with or without advance notice.

Whenever an employee leaves the Township, your supervisor must be noticed at the earliest possible moment.

The Township seeks to ensure that all employees who are terminated are treated fairly and consistently. Termination is defined as any action that concludes the employee/employer relationship.

5.27 Employee-initiated Termination

Employees who desire to leave the Township are expected to give at least fourteen calendar days' notice in writing. An employee shall be paid earned salary to the date on which employment terminates.

5.29 Township-initiated Termination

There are three reasons for which the Township may terminate an employee. These reasons include but are not limited to:

- **Separation for Business Reasons (other than for cause):** The Township will try to give as much advance notice as is possible to employees separated for business reasons other than Cause. Such reasons might include, but are not limited to, reorganization, budgetary cut back, lack of work, suspension of business or merger or sale of a business unit.
- **Separation for Performance:** Employees who have not met performance standards will be given two weeks advance notice of termination. The employee's manager has the discretion to authorize two weeks pay in lieu of notice.
- **Separation for Cause:** Employees separated for cause shall be terminated without advance notice. Separation for cause is justified if, for example, employment is terminated for theft, embezzlement, or common law fraud committed against the Township; conviction of a felony involving moral turpitude; material breach by employee of any obligation the employee may have with respect to confidential information, or material breach by the employee of any other obligation to the Township. All employees whose employment has been terminated shall be paid for all time worked up to and including the date of termination. This includes all accrued vacation, if applicable, as of the last day of employment.

5.30 Employee Grievance Procedure

It is the policy of the Township to afford all employees a means of obtaining further consideration of a problem that remains unresolved at the supervisory level and to establish procedures that provide for timely resolution of unresolved problems. However, this grievance procedure shall not apply to appeals taken by employees following disciplinary action..

A “grievance” shall mean a complaint by an employee with respect to the Township’s interpretation or application of the provisions of this Manual and other job-related actions.

STEP ONE: An employee wishing to discuss a problem must approach the employee’s Department Head or the Township Supervisor within five working days following the action initiating the complaint and attempt to settle the difference on an informal basis. It is the employee’s responsibility to assure that the employee’s Department Head or the Township Supervisor is aware of the nature and seriousness of the problem. Every reasonable effort should be made to satisfactorily settle the complaint in this manner.

STEP TWO: If the problem is not satisfactorily resolved through the oral procedure, the employee may reduce the problem to writing with all the facts outlined and present it to the immediate Department Head or the Township Supervisor within five working days after the oral discussion. The Department Head or the Township Supervisor will have five working days in which to give the employee a written response.

STEP THREE: If the problem is not resolved to the employee's satisfaction, the employee may ask for a hearing with the Personnel Committee. In the event there is no current Personnel Committee, the Township Supervisor, Township Clerk, and Township Treasurer will serve as the committee. The Personnel Committee will review the employee's written grievance and the written response from the Department Head or the Township Supervisor. When meeting with the Personnel Committee, the employee shall describe the problem and give the reasons for not accepting the response in Step Two. The employee shall describe in writing the remedy the employee is seeking. Employee shall have all rights under the Open Meetings Act and state law.

The Personnel Committee will then meet with the Department Head or the Township Supervisor. If there is no agreement among the employee, the Township Manager, and the Personnel Committee on a solution to the grievance, the Personnel Committee will refer the matter to the Township Board for the decision. The Township Board will consider the problem at the next regular Township Board meeting. The Township Board's decision will be the final and official ruling of the Township.

If an employee fails to timely initiate and advance a complaint within this procedure, the employee waives any objection concerning the matter.

The Township, its elected officials, its employees, and its Township Board shall not take punitive action against an employee for utilizing the grievance procedure outlined above.

5.31 Limitations Period

As a condition of employment, employees agree not to commence any action, claim, or suit relating to their employment with Tuscarora Township more than 182 calendar days after the date the employee knew or should have known that a claim existed or later than the applicable limitations period established by statute, whichever is less.

5.32 Amendments

Tuscarora Township reserves the right and the discretion to amend, delete, or change benefits, compensation and policies in the sole discretion of the Township except that the at-will employment status may be amended only as explained in the "Terms of Employment" policy. For this reason, the Handbook is in loose-leaf format. Update your Handbook, as necessary, by placing new sheets in the Handbook and removing superseded or deleted sheets. Changes are effective as of the date of their occurrence. Only the Tuscarora Township Board, in writing signed by the Board, has the authority to enter into any agreement contrary to the terms of this Handbook

Good Morning Board:

I've had an opportunity to review the policies included herein Generally, this language has been included by many communities. I have a few comments for you to consider:

6.3. "They" should be "he or she."

6.4. Insert "in the possession" ahead "of employee."

6.5. Delete the specific penalty amounts and instead state "Subject to penalties, provided by, among others the State of Michigan."

Change "they" to "he or she" in the Section "When a Request is Denied or Denied in Part."

Delete the last three paragraphs of Section 8. I'm concerned the Twp will have it tossed at it if there is ever litigation.

No suggestions on other proposed policy.

Happy New Year!

All correspondence (written or electronic) requiring Board action or any other action required by the Township or its elected officials, shall be presented to the Clerk or Administrative Assistant, and must be scanned, filed and stored. Such correspondence must be provided in Board packets at the next regular meeting. Any correspondence that requires no Board action shall be sorted and distributed immediately to the various township offices. Mail addressed to the township board shall be forwarded to the clerk, who shall provide a copy to each board member.
Correspondence addressed to the board, but requiring action typically handled by a particular official (such as a Freedom of Information Act request or subpoena), shall be immediately forwarded to that official by the Clerk or Administrative Assistant, as well.

6.3 Responsibility to Enforce

The Clerk shall ensure that township officials, appointees and employees are aware of and implement the township's record management policies. They shall ensure that the township has the most updated record retention schedules that cover all records, regardless of form or format that are created and used by the township.

The Clerk shall ensure that the digital files and e-mail, and other records, of former officials, appointees, employees, volunteers and consultants are retained in accordance with approved record retention schedules.

6.4 Separation from Township

Township officials, appointees, employees, volunteers and consultants/contractors shall not take public records with them when they terminate office, employment or contract with the township, and they shall not destroy records that have not yet fulfilled their approved retention period. 6.5 Failure to Adhere to This Records Management Policy

Failure to adhere to the township's records management policies may result in applicable discipline, up to and including discharge from employment, termination of the contractor status, or termination of the volunteer relationship. Further, the removal, mutilation or destruction of public records may result in civil and criminal liability, up to and including a penalty of not more than two years in state prison or a fine of not more than \$1,000.

6.6 Records Are Maintained and Stored to Ensure Township Compliance with Law

Township officials, appointees, employees, volunteers and consultants/contractors shall create, develop, organize, maintain, retain and store all township records to accommodate public inspection, FOIA compliance, record retention requirements, and minimize the township's exposure to litigation and risk.

The Clerk shall develop procedures to accommodate access by the FOIA coordinator for the purpose of public inspection of records, FOIA requests, and discovery or other litigation-related requests, when:

- Specific records are required by law or township policy to have limited access
- Specific records contain information exempt from disclosure
- Township records are kept or used in home offices

6.7 Record Retention Schedules

All township records shall be retained in accordance with the approved record State of Michigan records retention schedule for each department.

6.8 Litigation, Investigations and Freedom of Information Act Requests

The FOIA coordinator shall keep a copy of all written requests for public records on file for no less than one year.

No records that are the subject of litigation, a pending investigation request or a pending FOIA request shall be destroyed until the legal action or activity has ended, even if the records are otherwise scheduled for destruction pursuant to a relevant record retention schedule.

Any individual with knowledge of pending litigation, a pending investigation or a FOIA request shall immediately inform the FOIA coordinator. In consultation with the township attorney, the FOIA coordinator shall direct all relevant individuals to immediately cease disposal of all records relevant to the pending litigation, pending investigation or FOIA request. If the relevant records are in electronic form (including

e-mail), the FOIA coordinator shall notify information technology personnel or specialists for retrieval procedures.

If questions arise as to what records are relevant to a pending litigation, pending investigation, or FOIA request, the FOIA coordinator shall direct the immediate cessation of the disposal of ***all*** records. The moratorium on the disposal of all records relevant to the pending litigation, pending investigation or FOIA request shall remain in effect for the duration of the litigation or investigation, or until the FOIA request has been fully processed.

FOIA

6.9 FOIA Procedures and Guidelines

Preamble: Statement of Principles

It is the policy of Tuscarora Township that all persons, except those incarcerated, consistent with the Michigan Freedom of Information Act (FOIA), are entitled to full and complete information regarding the affairs of government and the official acts of those who represent them as public officials and employees. The people shall be informed so that they fully participate in the democratic process.

The Township's policy with respect to FOIA requests is to comply with State law in all respects and to respond to FOIA requests in a consistent, fair, and even-handed manner regardless of who makes such a request.

The Township acknowledges that it has a legal obligation to disclose all nonexempt public records in its possession pursuant to a FOIA request. The Township acknowledges that sometimes it is necessary to invoke the exemptions identified under FOIA in order to ensure the effective operation of government and to protect the privacy of individuals.

Tuscarora Township will protect the public's interest in disclosure, while balancing the requirement to withhold or redact portions of certain records. The Township's policy is to disclose public records consistent with and in compliance with State law.

The Township Board has established the following written procedures and guidelines to implement the FOIA and will create a written public summary of the specific procedures and guidelines relevant to the general public regarding how to submit written requests to the public body and explaining how to understand a public body's written responses, deposit requirements, fee calculations, and avenues for challenge and appeal. The written public summary will be written in a manner so as to be easily understood by the general public.

Section 1: General Policies

The Township Board, acting pursuant to the authority at MCL 15.236, designates the Supervisor as the FOIA Coordinator. He or she is authorized to designate other Township staff to act on his or her behalf to accept and process written requests for the Township's public records and approve denials.

If a request for a public record is received by fax or email, the request is deemed to have been received on the following business day. If a request is sent by email and delivered to a Township spam or junk-mail folder, the request is not deemed received until one day after the FOIA Coordinator first becomes aware of the request. The FOIA Coordinator shall note in the FOIA log both the date the request was delivered to the spam or junk-mail folder and the date the FOIA Coordinator became aware of the request.

The FOIA Coordinator shall review Township spam and junk-mail folders on a regular basis. The FOIA Coordinator shall work with Township Information Technology staff to develop administrative rules for handling spam and junk-mail so as to protect Township systems from computer attacks which may be imbedded in an electronic FOIA request.

The FOIA Coordinator may, in his or her discretion, implement administrative rules, consistent with State law and these Procedures and Guidelines to administer the acceptance and processing of FOIA requests.

The Township is not obligated to create a new public record or make a compilation or summary of information which does not already exist. Neither the FOIA Coordinator nor

other Township staff is obligated to provide answers to questions contained in requests for public records or regarding the content of the records themselves.

The FOIA Coordinator shall keep a copy of all written requests for public records received by the Township on file for a period of at least one year.

The Township will make this Procedures and Guidelines document and the Written Public Summary publicly available without charge. If it does not, the Township cannot require deposits or charge fees otherwise permitted under the FOIA until it is in compliance.

A copy of this Procedures and Guidelines document and the Township's Written Public Summary must be publicly available by providing free copies both in the Township's response to a written request and upon request by visitors at the Township's office.

This Procedures and Guidelines document and the Township's Written Public Summary will be maintained on the Township's website at: www.tuscaroratwp.com.

Section 2: Requesting a Public Record

No specific form to submit a request for a public record is required. However, the FOIA Coordinator may make available a FOIA Request Form for use by the public.

Requests to inspect or obtain copies of public records prepared, owned, used, possessed or retained by the Township may be submitted on the Township's FOIA Request Form, in any other form of writing (letter, fax, email, etc.).

A written request must sufficiently describe a public record so as to enable Township personnel to identify and find the requested public record.

A request from a person, other than an individual who qualifies as indigent under MCL 15.234(2)(a), must include the requesting person's complete name, address, and contact information, and, if the request is made by a person other than an individual, the complete name, address, and contact information of the person's agent who is an individual. An address must be written in compliance with United States Postal Service addressing standards:

JANE SMITH (*or ABC MOVERS*)

1500 E MAIN AVE STE 201

SPRINGFIELD VA 22162-1010

Contact information must include a valid telephone number or electronic mail address.

Written requests for public records may be submitted in person or by mail to any Township office. Requests may also be submitted electronically by fax and email. Upon their receipt, requests for public records shall be promptly forwarded to the FOIA Coordinator for processing.

A person making a request may stipulate that the public body's response be electronically mailed (email), delivered by facsimile (fax), or delivered by first-class mail, and the township will comply unless the township lacks the technological capability to provide an electronically mailed or facsimile response.

A person may request that public records be provided on non-paper physical media, emailed or otherwise provided to him or her in digital form in lieu of paper copies. The Township will comply with the request only if it possesses the necessary technological capability to provide records in the requested non-paper physical media format.

A person may subscribe to future issues of public records that are created, issued or disseminated by Tuscarora Township on a regular basis. A subscription is valid for up to 6 months and may be renewed by the subscriber.

A person serving a sentence of imprisonment in a local, state or federal correctional facility is not entitled to submit a request for a public record. The FOIA Coordinator will deny all such requests.

Section 3: Processing a Request

Unless otherwise agreed to in writing by the person making the request, the Township will issue a response within 5 business days of receipt of a FOIA request. If a request is received by fax, email or other electronic transmission, the request is deemed to have been received on the following business day.

The Township will respond to a request in one of the following ways:

- Grant the request.
- Issue a written notice denying the request.
- Grant the request in part and issue a written notice denying in part the request.
- Issue a notice indicating that due to the nature of the request the Township needs an additional 10 business days to respond for a total of no more than 15 business days. Only one such extension is permitted.
- Issue a written notice indicating that the public record requested is available at no charge on the Township's website.

When a request is granted:

If the request is granted, or granted in part, the FOIA Coordinator will require that payment be made in full for the allowable fees associated with responding to the request before the public record is made available.

The FOIA Coordinator shall provide a detailed itemization of the allowable costs incurred to process the request to the person making the request.

A copy of these Procedures and Guidelines and the Written Public Summary will be provided to the requestor free of charge with the response to a written request for public records, provided however, that because these Procedures and Guidelines, and the Written Public Summary are maintained on the Township's website at: www.tuscaroratwp.com, a link to the Procedures and Guidelines and the Written Public Summary will be provided in lieu of providing paper copies of those documents.

If the cost of processing a FOIA request is \$50 or less, the requester will be notified of the amount due and where the documents can be obtained.

If the cost of processing a FOIA request is expected to exceed \$50 based on a good-faith calculation, or if the requestor has not paid in full for a previously granted request, the Township will require a good-faith deposit pursuant to Section 4 of this policy before processing the request.

In making the request for a good-faith deposit the FOIA Coordinator shall provide the requestor with a detailed itemization of the allowable costs estimated to be incurred by the Township to process the request and also provide a best effort estimate of a time frame it will take the Township to provide the records to the requestor. The best-efforts estimate shall be nonbinding on the Township, but will be made in good faith and will strive to be reasonably accurate, given the nature of the request in the particular instance, so as to provide the requested records in a manner based on the public policy expressed by Section 1 of the FOIA.

When a request is denied or denied in part:

If the request is denied or denied in part, the FOIA Coordinator will issue a Notice of Denial which shall provide in the applicable circumstance:

An explanation as to why a requested public record is exempt from disclosure; or

A certificate that the requested record does not exist under the name or description provided by the requestor, or another name reasonably known by the Township; or

An explanation or description of the public record or information within a public record that is separated or deleted from the public record; and

An explanation of the person's right to submit an appeal of the denial to either the office of the Township Supervisor or Clerk, or to seek judicial review in the Cheboygan County Circuit Court;

An explanation of the right to receive attorneys' fees, costs, and disbursements as well actual or compensatory damages, and punitive damages of \$1,000, should they prevail in Circuit Court.

The Notice of Denial shall be signed by the FOIA Coordinator.

If a request does not sufficiently describe a public record, the FOIA Coordinator may, in lieu of issuing a Notice of Denial indicating that the request is deficient, seek clarification or amendment of the request by the person making the request. Any clarification or amendment will be considered a new request subject to the timelines described in this Section.

Requests to inspect public records:

The Township shall provide reasonable facilities and opportunities for persons to examine and inspect public records during normal business hours. The FOIA Coordinator is authorized to promulgate rules regulating the manner in which records may be viewed so as to protect Township records from loss, alteration, mutilation or destruction and to prevent excessive interference with normal Township operations.

Upon receiving a written or verbal request to inspect township records, the township shall furnish the requesting person with a reasonable opportunity and reasonable facilities for inspection and examination of its public records.

A person shall be allowed to inspect public records during usual business hours, not less than four hours per day. The public does not have unlimited access to township offices or facilities, and a person may be required to inspect records at a specified counter or table, and in view of township personnel.

Township officials, appointees, staff or consultants/contractors assisting with inspection of public records shall inform any person inspecting records that only pencils, and no pens or ink, may be used to take notes.

In coordination with the official responsible for the records, the FOIA coordinator shall determine on a case-by-case basis when the township will provide copies of original records, to allow for blacking out exempt information, to protect old or delicate original records, or because the original record is a digital file or database not available for public inspection.

The FOIA coordinator is responsible for identifying if records or information requested by the public is stored in digital files or e-mail, even if the public does not specifically request a digital file or e-mail.

A person cannot remove books, records or files from the place the township has provided for the inspection.

No documents shall be removed from the office of the custodian of those documents without permission of that custodian, except by court order, subpoena or for audit purposes. The official shall be given a receipt listing the records being removed. Documents may be removed from the office of the custodian of those documents with permission of that custodian to accommodate public inspection of those documents.

In coordination with the official responsible for the records, the FOIA coordinator will determine on a case-by-case basis when the township will provide copies of original records, to allow for blacking out exempt information, to protect old or delicate original records, or because the original record is a digital file or database not available for public inspection. A fee will be charged for copies made to enable public inspection of records, according to the township's FOIA policy.

Requests for certified copies:

The FOIA Coordinator shall, upon written request, furnish a certified copy of a public record at no additional cost to the person requesting the public record.

Section 4: Fee Deposits

If the fee estimate is expected to exceed \$50.00 based on a good-faith calculation, the requestor will be asked to provide a deposit not exceeding one-half of the total estimated fee.

If a request for public records is from a person who has not paid the Township in full for copies of public records made in fulfillment of a previously granted written request, the FOIA Coordinator will require a deposit of 100% of the estimated processing fee before beginning to search for a public record for any subsequent written request by that person when all of the following conditions exist:

The final fee for the prior written request is not more than 105% of the estimated fee;

The public records made available contained the information sought in the prior written request and remain in the Township's possession;

The public records were made available to the individual, subject to payment, within the time frame estimated by the Township to provide the records;

Ninety (90) days have passed since the FOIA Coordinator notified the individual in writing that the public records were available for pickup or mailing;

The individual is unable to show proof of prior payment to the Township; and

The FOIA Coordinator has calculated a detailed itemization that is the basis for the current written request's increased estimated fee deposit.

The FOIA Coordinator will not require an increased estimated fee deposit if any of the following apply:

The person making the request is able to show proof of prior payment in full to the Township;

The Township is subsequently paid in full for the applicable prior written request; or

Three hundred sixty-five (365) days have passed since the person made the request for which full payment was not remitted to the Township.

If a deposit is not received by the Township within 48 days from the date that the notice of deposit requirement is sent, and if the requesting person has not filed an appeal of the deposit amount, the request shall be considered abandoned by the requesting person and the Township is no longer required to fulfill the request. Notice of a deposit requirement must include notice of the date by which the deposit must be received, which date is 48 days after the date the notice is sent.

Section 5: Calculation of Fees

A fee may be charged for the labor cost of copying/duplication.

A fee will **not** be charged for the labor cost of search, examination, review and the deletion and separation of exempt from nonexempt information **unless** failure to charge a fee would result in unreasonably high costs to the Township because of the nature of the request in the particular instance, and the Township specifically identifies the nature of the unreasonably high costs.

Costs for the search, examination review, and deletion and separation of exempt from non-exempt information are “unreasonably high” when they are excessive and beyond the normal or usual amount for those services (Attorney General Opinion 7083 of 2001) compared to the costs of the township’s usual FOIA requests, not compared to the township’s operating budget. (*Bloch v. Davison Community Schools*, Michigan Court of Appeals, Unpublished, April 26, 2011)

The following factors shall be used to determine an unreasonably high cost to the Township:

Volume of the public record requested

Amount of time spent to search for, examine, review and separate exempt from non-exempt information in the record requested.

Whether the public records are from more than one Township department or whether various Township offices are necessary to respond to the request.

The available staffing to respond to the request.

Any other similar factors identified by the FOIA Coordinator in responding to the particular request.

The Michigan FOIA statute permits the Township to charge for the following costs associated with processing a request:

Labor costs associated with copying or duplication, which includes making paper copies, making digital copies, or transferring digital public records to non-paper physical media or through the Internet.

Labor costs associated with searching for, locating and examining a requested public record, when failure to charge a fee will result in unreasonably high costs to the Township.

Labor costs associated with a review of a record to separate and delete information exempt from disclosure, when failure to charge a fee will result in unreasonably high costs to the Township.

The cost of copying or duplication, not including labor, of paper copies of public records. This may include the cost for copies of records already on the township’s website if the requester asks for the township to make copies.

The actual and most reasonably economical cost of non-paper physical media when the requester asks for records in any form of non-paper physical media. This may include the cost

for copies of records already on the township's website if the requester asks for the township to make copies.

The cost to mail or send a public record to a requestor.

Labor costs will be calculated based on the following requirements:

All labor costs will be estimated and charged in 15-minute increments, with all partial time increments rounded down. If the time involved is less than 15 minutes, there will be no charge.

Labor costs will be charged at the hourly wage of the lowest-paid Township employee capable of doing the work in the specific fee category, regardless of who actually performs work.

Labor costs will also include a charge to cover or partially cover the cost of fringe benefits.

The Township may add up to 50% to the applicable labor charge amount to cover or partially cover the cost of fringe benefits, but in no case may it exceed the actual cost of fringe benefits.

Overtime wages will not be included in labor costs unless agreed to by the requestor; overtime costs will not be used to calculate the fringe benefit cost.

Contracted labor costs will be charged at the hourly rate of 6 times the state minimum hourly wage.

The cost to provide records on non-paper physical media when so requested will be based on the following requirements:

Any form of non-paper physical media (for example, USB drives, computer disks, computer tapes or other digital or similar media) will be at the actual and most reasonably economical cost for the non-paper media.

This cost will only be assessed if the Township has the technological capability necessary to provide the public record in the requested non-paper physical media format.

The Township will procure any non-paper media and will not accept media from the requestor in order to ensure integrity of the Township's technology infrastructure.

The cost to provide paper copies of records will be based on the following requirements:

Paper copies of public records made on standard letter (8 ½ x 11) or legal (8 ½ x 14) sized paper will not exceed \$.10 per sheet of paper. Copies for non-standard sized sheets of paper will reflect the actual cost of reproduction.

The Township will provide records using double-sided printing, if it is cost-saving and available.

The cost to mail records to a requestor will be based on the following requirements:

The actual cost to mail public records using a reasonably economical and justified means.

The Township may charge for the least expensive form of postal delivery confirmation.

No cost will be made for expedited shipping or insurance unless specified by the requestor.

If the FOIA Coordinator does not respond to a written request in a timely manner, the Township must:

Reduce the labor costs by 5% for each day the Township exceeds the time permitted under FOIA up to a 50% maximum reduction, if *any* of the following applies:

The Township's late response was willful and intentional,

The written request conveyed a request for information within the first 250 words of the body of a letter facsimile, email or email attachment, or

The written request included the words, characters, or abbreviations for "freedom of information," "information," "FOIA," "copy" or a recognizable misspelling of such, or legal code reference to MCL 15. 231, et seq. or 1976 Public Act 442 on the front of an envelope or in the subject line of an email, letter or facsimile cover page.

Section 6: Waiver of Fees

The cost of the search for and copying of a public record may be waived or reduced if in the sole judgment of the FOIA Coordinator a waiver or reduced fee is in the public interest because it can be considered as primarily benefitting the general public. The township board may identify specific records or types of records it deems should be made available for no charge or at a reduced cost.

Section 7: Discounted Fees

Indigence

The FOIA Coordinator will discount the first \$20.00 of the processing fee for a request if the person requesting a public record submits an affidavit stating that they are:

Indigent and receiving specific public assistance, or

If not receiving public assistance, stating facts demonstrating an inability to pay because of indigence.

An individual is not eligible to receive the waiver if:

The requestor has previously received discounted copies of public records from the Township twice during the calendar year; or

The requestor requests information in connection with other persons who are offering or providing payment to make the request.

An affidavit is sworn statement. The FOIA Coordinator may make a Fee Waiver Affidavit Form available for use by the public.

Nonprofit organization advocating for developmentally disabled or mentally ill individuals

The FOIA Coordinator will discount the first \$20.00 of the processing fee for a request from:

A nonprofit organization formally designated by the state to carry out activities under subtitle C of the federal developmental disabilities assistance and bill of rights act of 2000, Public Law 106-402, and the protection and advocacy for individuals with mental illness act, Public Law 99-319, or their successors, if the request meets all of the following requirements:

Is made directly on behalf of the organization or its clients.

Is made for a reason wholly consistent with the mission and provisions of those laws under section 931 of the mental health code, 1974 PA 258, MCL 330.1931.

Is accompanied by documentation of its designation by the state, if requested by the public body.

Section 8: Appeal of a Denial of a Public Record

When a requestor believes that all or a portion of a public record has not been disclosed or has been improperly exempted from disclosure, he or she may appeal to the Township Board by filing an appeal of the denial with the office of the FOIA Coordinator.

The appeal must be in writing, specifically state the word "appeal" and identify the reason or reasons the requestor is seeking a reversal of the denial. The Township FOIA Appeal Form (To Appeal a Denial of Records), may be used.

The Township Board is not considered to have received a written appeal until the first regularly scheduled Township Board meeting following submission of the written appeal.

Within 10 business days of receiving the appeal the Township Board will respond in writing by:

Reversing the disclosure denial;

Upholding the disclosure denial; or

Reverse the disclosure denial in part and uphold the disclosure denial in part; or

Under unusual circumstances, issue a notice extending for not more than 10 business days the period during which the Township Board shall respond to the written appeal. The Township Board shall not issue more than 1 notice of extension for a particular written appeal.

If the Township Board fails to respond to a written appeal, or if the Township Board upholds all or a portion of the disclosure denial that is the subject of the written appeal, the requesting person may seek judicial review of the nondisclosure by commencing a civil action in Circuit Court.

Whether or not a requestor submitted an appeal of a denial to the Township Board, he or she may file a civil action in Cheboygan County Circuit Court within 180 days after the Township's final determination to deny the request.

If a court that determines a public record is not exempt from disclosure, it shall order the Township to cease withholding or to produce all or a portion of a public record wrongfully withheld, regardless of the location of the public record. Failure to comply with an order of the court may be punished as contempt of court.

If a person asserting the right to inspect, copy, or receive a copy of all or a portion of a public record prevails in such an action, the court shall award reasonable attorneys' fees, costs, and disbursements. If the person or Township prevails in part, the court may, in its discretion, award all or an appropriate portion of reasonable attorneys' fees, costs, and disbursements.

If the court determines that the Township has arbitrarily and capriciously violated this act by refusal or delay in disclosing or providing copies of a public record, the court shall order the Township to pay a civil fine of \$1,000.00, which shall be deposited into the general fund of the state treasury. The court shall award, in addition to any actual or compensatory damages, punitive damages in the amount of \$1,000.00 to the person seeking the right to inspect or receive a copy of a public record. The damages shall not be assessed against an individual, but shall be assessed against the next succeeding public body that is not an individual and that kept or maintained the public record as part of its public function.

Section 9: Appeal of an Excessive FOIA Processing Fee

"Fee" means the total fee or any component of the total fee calculated under section 4 of the FOIA, including any deposit.

If a requestor believes that the fee charged by the Township to process a FOIA request exceeds the amount permitted by state law or under this policy, he or she must first appeal to

the Township Board by submitting a written appeal for a fee reduction to the office of the FOIA Coordinator.

The appeal must be in writing, specifically state the word "appeal" and identify how the required fee exceeds the amount permitted.

The Township Board is not considered to have received a written appeal until the first regularly scheduled Township Board meeting following submission of the written appeal.

Within 10 business days after receiving the appeal, the Township Board will respond in writing by:

Waiving the fee;

Reducing the fee and issuing a written determination indicating the specific basis that supports the remaining fee;

Upholding the fee and issuing a written determination indicating the specific basis that supports the required fee; or

Issuing a notice detailing the reason or reasons for extending for not more than 10 business days the period during which the Township Board will respond to the written appeal. The Township Board shall not issue more than 1 notice of extension for a particular written appeal.

Where the Township Board reduces or upholds the fee, the determination must include a certification from the Township Board that the statements in the determination are accurate and that the reduced fee amount complies with its publicly available procedures and guidelines and Section 4 of the FOIA.

Within 45 days after receiving notice of the Township Board's determination of an appeal, the requesting person may commence a civil action in Cheboygan County Circuit Court for a fee reduction.

If a civil action is commenced against the Township for an excess fee, the Township is not obligated to complete the processing of the written request for the public record at issue until the court resolves the fee dispute.

An action shall not be filed in circuit court unless *one* of the following applies:

The Township does not provide for appeals of fees,

The Township Board failed to respond to a written appeal as required, or

The Township Board issued a determination to a written appeal.

If a court determines that the Township required a fee that exceeds the amount permitted under its publicly available procedures and guidelines or Section 4 of the FOIA, the court shall reduce the fee to a permissible amount. Failure to comply with an order of the court may be punished as contempt of court.

If the requesting person prevails in court by receiving a reduction of 50% or more of the total fee, the court may, in its discretion, award all or an appropriate portion of reasonable attorneys' fees, costs, and disbursements. The award shall be assessed against the public body liable for damages.

If the court determines that the Township has arbitrarily and capriciously violated the FOIA by charging an excessive fee, the court shall order the Township to pay a civil fine of \$500.00, which shall be deposited in the general fund of the state treasury. The court may also award, in addition to any actual or compensatory damages, punitive damages in the

amount of \$500.00 to the person seeking the fee reduction. The fine and any damages shall not be assessed against an individual, but shall be assessed against the next succeeding public body that is not an individual and that kept or maintained the public record as part of its public function.

Section 10: Conflict with Prior FOIA Policies and Procedures; Effective Date

To the extent that these Procedures and Guidelines conflict with previous FOIA policies promulgated by Township Board or the Township Administration these Procedures and Guidelines are controlling. To the extent that any administrative rule promulgated by the FOIA Coordinator subsequent to the adoption of this resolution is found to be in conflict with any previous policy promulgated by the Township Board or the Township Administration, the administrative rule promulgated by the FOIA Coordinator is controlling.

To the extent that any provision of these Procedures and Guidelines or any administrative rule promulgated by the FOIA Coordinator pertaining to the release of public records is found to be in conflict with any State statute, the applicable statute shall control. The FOIA Coordinator is authorized to modify this policy and all previous policies adopted by the Township Board or the Township Administration, and to adopt such administrative rules as he or she may deem necessary, to facilitate the legal review and processing of requests for public records made pursuant to Michigan's FOIA statute, provided that such modifications and rules are consistent with State law. The FOIA Coordinator shall inform the Township Board of any change these Policies and Guidelines.

These FOIA Policies and Guidelines become effective upon publication.

Public Summary of FOIA Procedures and Guidelines

6.10 Summary

It is the public policy of this state that all persons (except those persons incarcerated in state or local correctional facilities) are entitled to full and complete information regarding the affairs of government and the official acts of those who represent them as public officials and public employees. The people shall be informed so that they may fully participate in the democratic process.

Consistent with the Michigan Freedom of Information Act (FOIA), Public Act 442 of 1976, the following is the Written Public Summary of the Township's FOIA Procedures and Guidelines relevant to the general public.

This is only a summary of the Township's FOIA Procedures and Guidelines. For more details and information, copies of the Township's FOIA Procedures and Guidelines are available at no charge at any Township office and on the Township's website: www.tuscaroratwp.com.

1. How do I submit a FOIA request to the Township?

A request must sufficiently describe a public record so as to enable the Township to find it.

A request from a person, other than an individual who qualifies as indigent under MCL 15.234(2)(a), must include the requesting person's complete name, address, and contact information, and, if the request is made by a person other than an individual, the complete name, address, and contact information of the person's agent who is an individual. An address must be written in compliance with United States Postal Service addressing standards: JANE SMITH (*or ABC MOVERS*)

1500 E MAIN AVE STE 201

SPRINGFIELD VA 22162-1010

Contact information must include a valid telephone number or electronic mail address.

Please include the words "FOIA" or "FOIA Request" in the request to assist the Township in providing a prompt response.

Requests to inspect or obtain copies of public records prepared, owned, used, possessed or retained by the Township may be submitted on the Township's FOIA Request Form, in any other form of writing (letter, fax, email, etc.).

No specific form to submit a written request is required. However a FOIA Request Form and other FOIA-related forms are available for your use and convenience on the Township's website at www.tuscaroratwp.com, and at the Township Hall"

Written requests may be delivered to the Township Hall in person or by mail: Tuscarora Township, P.O. Box 220, Indian River, MI 49749

Requests may be emailed to: supervisor@tuscaroratwp.com. To ensure a prompt response, email requests should contain the term "FOIA" or "FOIA Request" in the subject line.

2. What kind of response can I expect to my request?

Within 5 business days after receiving a FOIA request the Township will issue a response. If a request is received by fax or email, the request is deemed to have been received on the following business day. The Township will respond to your request in one of the following ways:

Grant the request,

Issue a written notice denying the request,

Grant the request in part and issue a written notice denying in part the request,

Issue a notice indicating that due to the nature of the request the Township needs an additional 10 business days to respond, or

Issue a written notice indicating that the public record requested is available at no charge on the Township's website

If the request is granted, or granted in part, the Township will ask that payment be made for the allowable fees associated with responding to the request before the public record is made available.

If the cost of processing the request is expected to exceed \$50, or if you have not paid for a previously granted request, the Township will require a deposit before processing the request.

3. What are the Township's deposit requirements?

If the Township has made a good faith calculation that the total fee for processing the request will exceed \$50.00, the Township will require that you provide a deposit in the amount of 50% of the total estimated fee. When the Township requests the deposit, it will provide you a non-binding best efforts estimate of how long it will take to process the request after you have paid your deposit.

If the Township receives a request from a person who has not paid the Township for copies of public records made in fulfillment of a previously granted written request, the Township will require a deposit of 100% of the estimated processing fee before it begins to search for the public record for any subsequent written request when all of the following conditions exist:

The final fee for the prior written request is not more than 105% of the estimated fee;

The public records made available contained the information sought in the prior written request and remain in the Township's possession;

The public records were made available to the individual, subject to payment, within the best effort time frame estimated by the Township to provide the records;

Ninety (90) days have passed since the Township notified the individual in writing that the public records were available for pickup or mailing;

The individual is unable to show proof of prior payment to the Township; and

The Township has calculated an estimated detailed itemization that is the basis for the current written request's increased fee deposit.

The Township will not require the 100% estimated fee deposit if any of the following apply:

The person making the request is able to show proof of prior payment in full to the Township;

The Township is subsequently paid in full for all applicable prior written requests; or

Three hundred sixty five (365) days have passed since the person made the request for which full payment was not remitted to the Township

If a deposit is not received by the Township within 48 days from the date that the notice of deposit requirement is sent, and if the requesting person has not filed an appeal of the deposit amount, the request shall be considered abandoned by the requesting person and the Township is no longer required to fulfill the request. Notice of a deposit requirement must

include notice of the date by which the deposit must be received, which date is 48 days after the date the notice is sent.

4. How does the Township calculate FOIA processing fees?

The Michigan FOIA statute permits the Township to charge for the following costs associated with processing a request:

Labor costs associated with copying or duplication, which includes making paper copies, making digital copies, or transferring digital public records to non-paper physical media or through the Internet.

Labor costs associated with searching for, locating and examining a requested public record, when failure to charge a fee will result in unreasonably high costs to the Township.

Labor costs associated with a review of a record to separate and delete information exempt from disclosure, when failure to charge a fee will result in unreasonably high costs to the Township.

The cost of copying or duplication, not including labor, of paper copies of public records. This may include the cost for copies of records already on the township's website if you ask for the township to make copies.

The cost of computer discs, computer tapes or other digital or similar media when the requester asks for records in non-paper physical media. This may include the cost for copies of records already on the township's website if you ask for the township to make copies.

The cost to mail or send a public record to a requestor.

Labor Costs

All labor costs will be estimated and charged in 15-minute increments, with all partial time increments rounded down. If the time involved is less than 15 minutes, there will be no charge.

Labor costs will be charged at the hourly wage of the lowest-paid Township employee capable of doing the work in the specific fee category, regardless of who actually performs work.

Labor costs will also include a charge to cover or partially cover the cost of fringe benefits. Township may add up to 50% to the applicable labor charge amount to cover or partially cover the cost of fringe benefits, but in no case may it exceed the actual cost of fringe benefits.

Overtime wages will not be included in labor costs unless agreed to by the requestor; overtime costs will not be used to calculate the fringe benefit cost.

Contracted labor costs will be charged at the hourly rate of 6 times the state minimum hourly wage.

A labor cost will not be charged for the search, examination, review and the deletion and separation of exempt from nonexempt information unless failure to charge a fee would result in unreasonably high costs to the Township. Costs are unreasonably high when they are excessive and beyond the normal or usual amount for those services compared to the Township's usual FOIA requests, because of the nature of the request in the particular instance. The Township must specifically identify the nature of the unreasonably high costs in writing.

Copying and Duplication

A person making a request may stipulate that the public body's response be electronically mailed (email), delivered by facsimile (fax), or delivered by first-class mail, and the township will comply unless the township lacks the technological capability to provide an electronically mailed or facsimile response.

A person may request that public records be provided on non-paper physical media, emailed or otherwise provided to him or her in digital form in lieu of paper copies. The Township will comply with the request only if it possesses the necessary technological capability to provide records in the requested non-paper physical media format.

The Township must use the most economical method for making copies of public records, including using double-sided printing, if cost-saving and available.

Non-paper Copies on Physical Media

The cost for records provided on non-paper physical media, such as computer discs, computer tapes or other digital or similar media will be at the actual and most reasonably economical cost for the non-paper media.

This cost will be charged only if the Township has the technological capability necessary to provide the public record in the requested non-paper physical media format.

Paper Copies

Paper copies of public records made on standard letter (8 ½ x 11) or legal (8 ½ x 14) sized paper will not exceed \$.10 per sheet of paper.

Copies for non-standard sized sheets will reflect the actual cost of reproduction.

Mailing Costs

The cost to mail public records will use a reasonably economical and justified means.

The Township may charge for the least expensive form of postal delivery confirmation.

No cost will be made for expedited shipping or insurance unless you request it.

Waiver of Fees

The cost of the search for and copying of a public record may be waived or reduced if in the sole judgment of the FOIA Coordinator a waiver or reduced fee is in the public interest because it can be considered as primarily benefitting the general public. The township board may identify specific records or types of records it deems should be made available for no charge or at a reduced cost.

5. How do I qualify for an indigence discount on the fee?

The Township will discount the first \$20.00 of fees for a request if you submit an affidavit stating that you are:

Indigent and receiving specific public assistance; or

If not receiving public assistance, stating facts demonstrating an inability to pay because of indigence.

You are **not** eligible to receive the \$20.00 discount if you:

Have previously received discounted copies of public records from the Township twice during the calendar year; or

Are requesting information on behalf of other persons who are offering or providing payment to you to make the request.

An affidavit is sworn statement. For your convenience, the Township has provided an Affidavit of Indigence for the waiver of FOIA fees on the back of the Township FOIA Request Form, which is available on the Township's website: www.tuscaroratownship.org.

6. May a nonprofit organization receive a discount on the fee?

A nonprofit organization advocating for developmentally disabled or mentally ill individuals that is formally designated by the state to carry out activities under subtitle C of the federal developmental disabilities assistance and bill of rights act of 2000, Public Law 106-402, and the protection and advocacy for individuals with mental illness act, Public Law 99-319, may receive a \$20.00 discount if the request meets all of the following requirements in the Act:

Is made directly on behalf of the organization or its clients.

Is made for a reason wholly consistent with the mission and provisions of those laws under section 931 of the mental health code, 1974 PA 258, MCL 330.1931.

Is accompanied by documentation of its designation by the state, if requested by the public body.

7. How may I challenge the denial of a public record or an excessive fee?

Appeal of a Denial of a Public Record

If you believe that all or a portion of a public record has not been disclosed or has been improperly exempted from disclosure, you may appeal to the Township Board by filing a written appeal of the denial with the office of the Township Supervisor (*or "clerk" or "FOIA Coordinator," etc.*).

The appeal must be in writing, specifically state the word "appeal," and identify the reason or reasons you are seeking a reversal of the denial.

The Township Board is not considered to have received a written appeal until the first regularly scheduled Township Board meeting following submission of the written appeal. Within 10 business days of receiving the appeal the Township Board will respond in writing by:

Reversing the disclosure denial;

Upholding the disclosure denial; or

Reverse the disclosure denial in part and uphold the disclosure denial in part.

Whether or not you submitted an appeal of a denial to the Township Board, you may file a civil action in Cheboygan County Circuit Court within 180 days after the Township's final determination to deny your request. If you prevail in the civil action the court will award you reasonable attorneys' fees, costs and disbursements. If the court determines that the Township acted arbitrarily and capriciously in refusing to disclose or provide a public record, the court shall award you damages in the amount of \$1,000.

Appeal of an Excess FOIA Processing Fee

If you believe that the fee charged by the Township to process your FOIA request exceeds the amount permitted by state law, you must first appeal to the Township Board by filing a written appeal for a fee reduction to the office of the FOIA Coordinator.

The appeal must specifically state the word "appeal" and identify how the required fee exceeds the amount permitted.

The Township Board is not considered to have received a written appeal until the first regularly scheduled Township Board meeting following submission of the written appeal. Within 10 business days after receiving the appeal, the Township Board will respond in writing by:

Waiving the fee;

Reducing the fee and issue a written determination indicating the specific basis that supports the remaining fee;

Upholding the fee and issue a written determination indicating the specific basis that supports the required fee; or

Issuing a notice detailing the reason or reasons for extending for not more than 10 business days the period during which the Township Board will respond to the written appeal.

Within 45 days after receiving notice of the Township Board's determination of the processing fee appeal, you may commence a civil action in Cheboygan County Circuit Court for a fee reduction. If you prevail in the civil action by receiving a reduction of 50% or more of the total fee, the court may award all or appropriate amount of reasonable attorneys' fees, costs and disbursements. If the court determines that the Township acted arbitrarily and capriciously by charging an excessive fee, court may also award you punitive damages in the amount of \$500.

The township treats all computer files, including e-mail sent or received, as business information belonging to the township. In that regard, the township has the capability and reserves the right, with or without notice, to access, monitor, review, copy or delete any computer files, including e-mail sent or received, and all website communications and/or transactions. Some employees may have access to the township's e-mail system for township-related purposes. Because of these concerns, employees shall maintain the highest standards of courtesy and professionalism when transmitting e-mail.

However, any messages or information sent on township-provided facilities to one or more individuals via an electronic network—for example, Internet mailing lists, bulletin boards and online services—are statements identifiable and attributable to the township. The public may have a right to request a record of messages or information sent on township-provided facilities.

Electronic communications generated by township resources are potentially subject to Freedom of Information Act requests.

The township reserves the right to gather logs for most electronic activities or monitor employee communications directly, e.g., telephone numbers dialed, websites accessed, call length, and time at which calls are made, for the following purposes:

1. Cost analysis
2. Resource allocation
3. Optimum technical management of information resources
4. Detecting patterns of use that indicate employees are violating township policies or engaging in illegal activity

The township reserves the right, at its discretion, to review any employee's electronic files and messages to the extent necessary to ensure electronic media and services are being used in compliance with the law, this policy and other township policies.

Employees should not assume electronic communications are completely private. Accordingly, if they have sensitive information to transmit, they should use other means.

8.22 Software

The unauthorized use of township software is prohibited. Employees shall not make or use unauthorized copies of software programs.
