Jay and Jan,

Under the Freedom of Information Act, Sue Fisher is requesting your supporting documents from the clerk's report at the last regular meeting. Below are the specifics of her request. We have five business days to respond but we can request an extension to ten business days, if you'd like. You may print these up or email them to me. Feel free to contact me with any questions.

Mike - Since some of these returns contain personally identifying information they will require redaction. I would respectfully request an extension.

Jay - we can talk about how to divide and conquer this later today.

Mike,

Can you arrange for me to have a township email address? I would like to discontinue using my personal email for township business.

Sixteen notices. Some of these notices have payments which included penalty and interest. I have not had an opportunity to examine the entry of these payments, but likely they were posted to payroll tax GL accounts.

UIA - the FOIA request asked for 2022 returns with BSA reports.

I had organized these reports in folders by entity and calendar year. They were moved from these folders so I am now looking for the library 2022 UIAs. As a replacement you have redacted UIAs going back to 2020 which coincides with the UIA 36 month lookback.
